OVERVIEW

The Nevada Chapter of the American Public Works Association (APWA) is partnering with our members to offer summer internships. We are assisting Slater Hanifan Group (SHG) with finding a summer intern for the firm's Las Vegas office. A little about APWA and SHG:

APWA is an organization that serves professionals in all aspects of public works. Titles common to the membership include public works directors; city engineers; city managers; fleet managers; property and equipment superintendents; utilities managers; community development directors; transportation managers; park directors; county officials; and representatives from engineering and other consulting firms, manufacturers, construction companies, and a multitude of other service providers. More information can be found at http://www.apwa.net/

SHG is a multi-disciplined firm that provides civil engineering services to both private and public sector clients. Services include land development, land use and planning, transportation planning and design, water resources/flood control planning and design, water/wastewater planning and design, environmental/404 permitting, right-of-way services, construction administration/management, and expert witness and forensics. More information can be found at http://www.shg-inc.com/

Roles and Responsibilities

SHG is looking for a civil engineering student with AutoCad Civil 3D knowledge/capabilities to perform redlines, project research, preparation of exhibits, plan reviews, etc. SHG may also be looking for a civil engineering student to work with their processing team learning about the day-to-day activities involved in the land development business.
