Mondays: _____

Tuesdays: _____

Wednesdays: _____

Thursdays: _____

Fridays: _____

***Applicants MUST NOT be enrolled in more than 15 credit hours.

TRANSPORTATION:

Do you have your own transportation? _____

PART 2: Preliminary Project Narrative

The ArtsBridge program requires you to work in partnership with a classroom teacher to design and teach a semester-long project (in your area of study) appropriate for the age and learning objectives of the students you are assigned.

In no more than two pages, please propose a *preliminary project* idea in your area of study that could be incorporated into a school curriculum. You may also simply describe *several* different ways your area of study could support student learning in other areas. For example, if your major is Music, how might you use music to enhance learning in math or reading, etc.?

This project idea may be further modified and developed if you are chosen as an ArtsBridge Scholar. Discussions with the Host Teacher you will be matched with will determine how your project can be best adapted to the needs of your students.

Part 3: Your Resume

Please attach a current resume that explains any previous art-related experience, coursework, and teaching experience working with youth.

Part 4: Letter of Recommendation

Please submit one professional letter of recommendation in support of your application. Please do not ask friends or family members for this recommendation. This letter may be submitted with your application or emailed to arts.bridge.america@unlv.edu.
