ASSOCIATE ENGINEER

Posting ID: EM19602456
Company Website: https://www.cleanwaterteam.com/
Company: Clark County Water Reclamation District
Work Location: Las Vegas, NV
Position Type: Full-Time
Salary: $69,139.20 - $107,161.60 Annually
College Major(s): Civil Engineering (CEE)
College Level(s): Graduate Student, PhD. Student, Alumni

OVERVIEW

The District is the largest wastewater agency in the State of Nevada, serving more than 260,000 business and residential accounts. The majority of our residential and commercial customers are within the Las Vegas Valley, which includes the world famous resort corridor known as the "Las Vegas Strip." We also serve the communities of Blue Diamond, Indian Springs, Laughlin, Moapa Valley, and Searchlight. We have two water resource centers; Flamingo Water Resource Center, and Laughlin Water Resource Center. All other facilities are treatment facilities.

Roles and Responsibilities
Performs engineering work in the design and modeling team, including conducting engineering feasibility studies, performing design work and developing and administering professional services or construction project contracts; reviews plans and inspects projects; collects and presents data and prepares reports; provides information and advice to the public in person and over the telephone.

Education and Qualifications
Bachelor's Degree in an appropriate engineering discipline or a closely related field and two years of full-time civil engineering experience. Equivalent combination of appropriate formal education and directly related experience which has provided the knowledge, skills and abilities to perform all aspects of the job may be substituted for the degree to a maximum of two years.

Preferred Skills
Experience in a public agency setting is desirable.
