OVERVIEW

If you're looking for a powerful career as an engineer with a brilliant future, look to San Diego Gas & Electric. We offer you the benefits, stability, and rewards that few companies can match. San Diego Gas & Electric is a regulated public utility that provides service to 3.4 million consumers through 1.4 million electric meters and 830,000 natural gas meters in San Diego and southern Orange counties. SDG&E’s service area encompasses 4,100 square miles, covering two counties and 25 cities. We recognize our people as our single greatest resource and the key to the companies’ success. With the backing of a Fortune 500 parent company, Sempra Energy, you get more than a great opportunity with SDG&E. You get the support from an organization that encourages you to excel in your career. SDG&E is Equal Opportunity employer and we have a strong commitment to diversity. Our diversity mission is to develop, manage and ensure a workplace environment where everyone is treated with respect, and where human, cultural and systems diversity is recognized, valued and leveraged in the communities and the global marketplace. Energize. Renew. Power-up Your Career.

Roles and Responsibilities

An entry level engineer position which provides the inexperienced engineer an opportunity to acquire experience and proficiency in performing fundamental engineering work. In this capacity the incumbent shall perform the more routine and basic duties and will be afforded the opportunity to acquire experience and be productive through varied assignments normally accomplished through intracompany assignments. Perform a variety of engineering assignments.
