

Auditing allows you to continue attending a class, but you will not earn a grade or credit for the class. Once you audit a course you cannot change it back* to credit unless it is before the end of the add/drop period for the term. Auditing or Withdrawing will have the same effect on your academic record (transcript) but they may impact your financial aid, excess credit, tuition benefits, etc. differently. Be sure to verify any impacts with those offices before auditing or withdrawing from a class.
