

ABOUT THE ORGANIZATION

Battle Born Progress (501c4) is the non-profit public relations firm of the progressive community in Nevada. We work on a variety of issues from gun violence prevention to protecting public lands to ensuring a diverse and fair federal judiciary. Our goal is to bring Nevadans the latest news on the issues affecting our state and provide communities with the tools to take action online, in the Legislature or at the polls.

Institute for a Progressive Nevada (501c3) educates, empowers and engages Nevadans to build a state where everyone has a fair opportunity to succeed. IPN also maintains Nevada Forward, a news site dedicated to covering issues pertinent to our community. .

THE POSITION

Battle Born Progress/Institute for a Progressive Nevada are nimble, energetic organizations looking for interns to contribute in meaningful ways to our communications and organizing efforts. Our work environment encourages creativity and innovation; interns will have the ability to incorporate their passions and original ideas into their work.

Prospective interns must be willing to work at least 10 hours a week, with flexible scheduling available.

We are looking for people who are interested in local, state and national politics as well as progressive issues. People who are ready and willing to learn the intricacies of issue advocacy work

INTERN RESPONSIBILITIES include, but are not limited to:

- Attend events or meetings with staff
- Field and event organizing
- Volunteer recruitment
- Office and data management
- Help assist the staff with social media
- Write blogs and Letters to the Editors
- Assist with on-the-ground actions like tabling, press conferences, and rallies
- Other tasks as assigned

TYPES OF INTERNSHIPS (added to the above responsibilities)

1. **Organizing internship**- will focus on learning about grassroots organizing and what field entails.
2. **Communications internship**- will assist the Deputy Director and Executive Director in organizing press conferences, managing the media etc. and will work with the managing editor of Nevada Forward to write content for the blog.
3. **Technology internship**- will assist the Technology Director with various projects that including videography, photography, graphic design, live media, and social media management.
