**Instructions for Setting Up**
To set up canopy, remove the metal frame from the black bag. Spread the metal framing apart. Place the canopy cover over the top. Now raise the canopy from its legs. The legs should lock into place but the height can be adjusted to your liking.

**Reviews**
“I have had one of these for over 2 years (still in great shape) and just bought another. I always bring one to the beach and use the other in the back of my pickup. The 5x7 size fits perfectly in my Ram 1500 bed with the tailgate down, and the size is perfect at the beach for 2 people and a few personal coolers. I also use it for camping and bought an inexpensive screen cover (mosquito screen used to cover a bed) which fits perfectly over the top.”

“This was easy to set up and take down, excellent supports for windy weather.”
