Company: Project Engineering Consultants, Ltd  
Work Location: Henderson, NV

Position Type: Full-Time  
Salary: $18/hr

College Major(s): Civil Engineering (CEE)  
College Level(s): Undergraduate-Senior

OVERVIEW

Project Engineering Consultants (PEC) is a full-service civil engineering firm seeking an entry level full-time Civil Engineer in our Las Vegas, Nevada office. Successful candidates should have a four-year civil engineering degree or be within 1-2 years of graduation, an E.I.T. certificate, good verbal and written communication skills, a great attitude and a desire to learn and develop as an engineer. Must be eager and willing to learn new engineering skills associated with working on water/wastewater, transportation and drainage projects. Benefits package includes flexible schedule, medical, dental, paid holidays, paid-time-off, 401(k) plan, competitive salary and more.

Roles and Responsibilities
• Utility pipe defect coding and logging.
• Help prepare design plans for water, sewer, and storm drain systems, roadways and highways, utilities and site grading for public and private sector clients.
• Help prepare estimates and material needs for projects.
• Assist in the completion of studies and preparation of written reports for clients.
• May work individually or participate as part of a team for larger scale projects.
• A wide degree of creativity and latitude is expected.
• Will be required to work some nights and weekends (occasionally) depending on workload and project schedule.
• Will be required to work in the field.

Education and Qualifications
Successful candidates should have a four-year civil engineering degree or be within 1-2 years of graduation, an E.I.T. certificate, good verbal and written communication skills, a great attitude and a desire to learn and develop as an engineer. Must be eager and willing to learn new engineering skills associated with working on water/wastewater, transportation and drainage projects.

Preferred Skills
Must be familiar with Microsoft Word and Excel, GIS knowledge is a plus. Must be familiar with AutoCad.
