- If approved, I understand that I will be paid my Governor Guinn Millennium Scholarship by each institution for the credits taken at that campus at the appropriate per credit amount.
- I understand that I must be enrolled in a minimum of 12 credits between both institutions, but I can receive funds for a maximum of 15 credits between both institutions for a single semester.
- I must maintain a 2.60 semester GPA each semester during my first year of enrollment (first year is defined as less than 30 credit hours earned) or a 2.75 semester GPA for each semester thereafter (beginning with the first semester in which 30 credit hours are earned) at both the home and host institutions. If I do not earn the required GPA at one of the two institutions while under this co-enrollment agreement, I may request my home institution to calculate a combined GPA, which will include all courses taken at both institutions during the semester of this agreement.
- I understand that my eligibility status may not be correctly reflected on the Treasurer’s website until the end of the semester when all records have been submitted and processed.
- I understand credits taken at the host institution must meet the requirements of the degree or certificate I am pursuing at the my home institution.
- Failure to meet the requirements of this agreement will result in my ineligibility for the scholarship, and I must then follow the procedure for reinstatement.
