Coleman Exponent Phad 3-Person Tent

General Description
This lightweight, stable tent has enough space for 3 people, while the vestibules allow for extra storage. Sturdy but light, the tent has color-coded poles for easy setup, and there are multiple vents in the rainfly for increased airflow, as well as reflective material for easier visibility. The tent includes poles, stakes, rainfly, and tent body.

Features
- Innovative fly-first design
- Repair kit included
- Mesh gear pockets for storage
- Removable pieces to reduce weight

Specifications
- Tent Material: Non-coated polyester
- Rainfly Material: Polyester Ripstop
- Floor: 83” x 67”
- Height: 41.3”
- Stuff Size: 17” x 7”
- Weight: 8lbs 10oz
- Seasons: 3-season
- Sleeps: 3
- Number of rooms: 1
- Number of doors: 1
- Number of poles: 3
Instructions for Use/Setting Up

After finding a suitable campsite, spread the rain fly out on the ground and get the poles out of the pole bag. Two of the poles will be silver, and the third will have a red section to differentiate it from the others. Locate the rounded end of the silver poles, and insert them rounded-end first into the gray-rimmed sleeves of the tent, forming an “X” shape. Then slide the last pole, marked with the red section, into the red-rimmed sleeve that runs perpendicular to the “X” shape. Put pressure on the poles until the arch forms, and put the ends of the poles into the grommets. From there, you can zip or unzip the vestibule groundsheet.
