On July 2, 2013, UNLV issued its Request for Proposal No. 579-KO (the "RFP") seeking proposals from qualified contractors to provide on-site banking branch services and campus ID card banking services.

On August 29, 2013, Bank submitted a proposal ("Proposal") in response to the RFP to be UNLV's exclusive provider of a campus ID card with banking functionality, the RebelCard Maxx ("RebelCard Maxx" or "Maxx Card") (as defined below in Exhibit A).

On December 9, 2013, UNLV selected Bank's Proposal as the one best suiting its needs.

Based on the foregoing Recitals, and for other valuable consideration, the parties agree as follows:

AGREEMENT

UNLV may exercise this right by providing written notice to Bank at least twenty (20) calendar days prior to the expiration of this Contract. U. FITNESS FOR DUTY, INSPECTION, AND LOANED ITEMS OR FACILITIES

Bank shall ensure that it has engaged sufficient personnel with the expertise required for the successful provision of Services to comply with all the requirements set forth in the Contract or any applicable Scopes of Work or SOW. Bank shall ensure that all Bank personnel providing the Services (which shall include Bank principals and Subcontractors) shall: i) report for work in a manner fit to do their job when providing Services for UNLV or on UNLV owned, leased, or operated property ("Premises") and ii) shall not be under the influence of or in possession of any alcoholic beverages or of any controlled substances (as defined by NRS 453.146 or any applicable federal law or statute) when providing Services for UNLV or on UNLV Premises (except as properly prescribed to them by a physician and provided that it does not affect their ability to safely and proficiently provide the Services). Exhibit A
Scope of Contract

I. RebelCard Maxx

A. Definitions: The following words and phrases when used in this Contract, or any amendment hereto shall have the meanings given to them as follows:

"RebelCard": a multifunctional identification and services ID card that UNLV provides to Users (as defined below). The standard RebelCard will not access any Banking Services provided by Bank and will not have any bank logo or Bank Marks. There will be no changes required by Bank to the standard RebelCard.

"Users": UNLV students, staff, faculty, alumni, and community members whom are eligible for a RebelCard.

"RebelCard Maxx" or "Maxx Card": a fully functional RebelCard ID and U.S. Bank Visa check card, all in one card with automated teller machine ("ATM") pin functionality and banking functionality (as described below).

B. Overview

Bank agrees to implement a Visa® check card instant issuance program for UNLV. In addition to providing a checking account at Bank to qualified Users who request such an account, including students, faculty and staff of UNLV, the Visa-branded check card instant issuance program will permit ATM transactions and PIN-based and non-PIN-based point of sale ("POS") debit transactions. The RebelCard Maxx Card can only be issued to Bank customers.

Card Selection and Activation. Users will have the option of selecting the Standard RebelCard without Banking Services or Users with an active Bank checking account are able to select the RebelCard Maxx card and activate that card for Banking Services.

Eligibility. Eligibility for RebelCards will be at the sole discretion of UNLV, but a User’s eligibility for Banking Services shall be at the sole discretion of Bank. Notwithstanding the foregoing, if Bank ceases providing Banking Services to all Users or to the majority of Users, Bank may be deemed to be in breach of this Contract.

Exclusivity. Bank will, from the Target Date of this Contract until the end of the Term, be the exclusive provider of Banking Services that may be accessed by Users through the RebelCard. "Banking Services" means certain financial products linked to the RebelCard, including checking accounts and automated teller machine ("ATM") services, as described in this Contract. The "Target Date" is the anticipated earliest date that Bank expects to commence issuing the RebelCard Maxx. The Target Date is July 1, 2014, or as otherwise agreed to in writing by the parties. For the avoidance of doubt, UNLV may continue to utilize the banking services of its current bank vendor, up until the Target Date, unless otherwise agreed to in writing by the parties. And nothing in this Contract will prevent UNLV from working with another bank vendor during any Transition Period (as defined below), provided Bank is the only vendor permitted to provide Banking Services through the end of the Term.
Transition Period. “Transition Period” means the beginning or end of the Term of this Contract when UNLV is either transitioning from an existing bank vendor for card services to Bank, or from Bank to another bank vendor providing card services at the end of the Term. UNLV shall continue to utilize the banking and ID services of its current bank vendor up until the Target Date, and Bank agrees to not advertise its award of this Contract or otherwise interfere with UNLV’s current bank vendor agreement until its expiration on the Target Date, unless otherwise agreed to in writing by the parties (email acceptable). After the Target Date, U.S. Bank will be the exclusive provider of Banking Services in connection with UNLV RebelCards. The parties agree issuance of RebelCards with Banking Services by any previous provider will cease on or before the Target Date, and UNLV agrees to issue and cover the cost of providing standard RebelCards (without any bank logo) in connection with the Transition Period until Bank can issue a branded RebelCard Maxx to students electing to add Banking Services. Notwithstanding the foregoing, UNLV shall not be required to re-card any UNLV RebelCards issued prior to the Target Date that may have another bank vendor’s logo. Bank shall continue to provide the Services (including linking accounts to the RebelCard Maxx for Users) through the end of the Contract Term. Bank will work with UNLV to discuss any applicable Transition Period time frame issues. Near the end of the Term, UNLV shall be permitted to work with and sign a contract with any new banking vendor selected to provide card services (if any) after the Term, provided Bank is the only vendor permitted to provide Banking Services through the end of the Term, unless otherwise agreed to in writing by the parties.

C. Technical Specifications

UNLV and Bank agree to the following terms related to the technical specifications and functionality required of ID Cards. The parties may agree to additional changes in the future by mutual written agreement (email acceptable).

1) ID Card Issuance and Maintenance. UNLV will be responsible for standard RebelCard issuance and maintenance. UNLV may contract all or a portion of the process of manufacturing, encoding, issuance and maintenance to third parties, but shall do so subject to the specifications for Banking Services contained below under Maxx Card Specifications and Design.

2) Other Functionality. It is understood that RebelCard Maxx will include the ability to perform other electronic functions in addition to Banking Services. UNLV shall be responsible for ensuring that any such functions will not interfere with Banking Services functions and the specifications defined in this Contract, which shall be verified by Bank through testing of RebelCard Maxx to ensure RebelCard Maxx functions properly.

3) Maxx Card Specifications and Design

Two magnetic strips: The RebelCard Maxx shall have two magnetic strips - top and bottom. The bottom (closed loop) magnetic strip will be colored red (or possibly silver) to designate it as the ‘RebelCard campus strip, and this strip will be used for UNLV specific information. The top (typically black but could be UNLV’s alternate color) two-track magnetic strip will then be reserved for the Bank / Visa debit functionality. Bank shall instruct students, faculty and staff to swipe the red magnetic
strip to access campus services and the top (black) magnetic strip for Visa debit card purchases and ATM transactions.

This will allow the new card to function as a bank debit card while still maintaining complete integrity and autonomy with any existing campus card functionality. The account number, student photo and other information on the front of the card shall be a flat print (non-embossed) process that allows the RebelCard Office to retain complete technological control over the issuance process. Separation of the Bank transaction functionality from UNLV school functionality also eliminates UNLV's responsibility for maintaining PCI compliance relative to any Bank-driven transactions. So long as the open loop point of sale and ATM transactions are limited to the top magnetic strip only, UNLV will have no potential PCI compliance issues today or in the future.

**RebelCard Maxx Design:** RebelCard Maxx card design will use a standard U.S. Bank template, designed according to U.S. Bank and VISA branding standards, with input from UNLV on the background image and UNLV logo used. Only one VISA Check card design can be used per school for the Maxx Card program (i.e. no separate designs for students vs. faculty/staff). The final design of the RebelCard Maxx shall be mutually agreed to between UNLV and Bank. The front side must have an electronically stored photo of the cardholder; the cardholder's relationship to UNLV (faculty, staff, student); and the cardholder's first and last name.

**D. RebelCard Maxx Features**

The RebelCard Maxx will combine the UNLV RebelCard with a Visa® Check Card, preserving all of the current 'on-campus' utilities such as building access and meal management, with the ability for cardholders to use their enhanced RebelCard Maxx to make signature and PIN purchases as well as cash withdrawals all over the world.

RebelCard Maxx cardholders shall receive worldwide signature & PIN based point of sale access including 'brick and mortar', online, and phone everywhere Visa debit is accepted. Bank may add additional features to benefit the Users, or as required by law, or as otherwise agreed to in writing by the parties.

E. RebelCard Maxx Issuance

Opening an Account and Linking the Card: Bank shall offer new account set up and instant issuance of RebelCard Maxx cards as follows:

New accounts can be opened at the on-campus branch, at any tabling event held on campus, online at www.usbank.com/unlv, or at any one of the U.S. Bank branches nationwide. The RebelCard Maxx can be linked to any U.S. Bank checking account, including the free Student Checking Account.

Users wishing to opt-in to the RebelCard Maxx program will initiate their request at the RebelCard office and then complete their request (pick up the RebelCard Maxx) at the Bank's campus branch as follows:

Users will visit the RebelCard Office and indicate their desire for a RebelCard Maxx. UNLV RebelCard office personnel will take the student's photo and add it to their name and all other necessary data to be printed on the enhanced Visa branded cardstock which is housed in the locked hopper of a UNLV-owned printer located in the U.S. Bank branch. Bank will purchase a printer for UNLV to use for the RebelCard Maxx. Bank will coordinate the printer purchase with UNLV. The printer will come with initial maintenance and warranty, but UNLV shall be responsible for any additional printer maintenance, except to the extent the printer is damaged by the Bank. When finished in the RebelCard Office, Users will then be directed to proceed to the nearby branch to complete the issuance of their card and establish their banking privileges. Users choosing the standard RebelCard (only) will finish the issuance process while still in the RebelCard Office.

There will be no direct connectivity between UNLV and the Bank branch; only a 'University-networked' card printer installed in a secure location of the Bank. The UNLV owned card printer (located within the Bank branch) will encode the bottom magnetic strip with UNLV's specifications and personalize the card to Bank and UNLV specifications.

The parties will not need to share any User Confidential Information for the Maxx Card to be issued by Bank, thus protecting the privacy of all students, faculty and staff. Bank will collect all necessary personal information directly from the cardholder at the Bank branch at the time the bank account is opened and the card is linked to the account. In the Bank branch, students will simply identify themselves to a teller as a new RebelCard Maxx cardholder and either;
Verify their already-existing U.S. Bank checking account information, or
Open a new account at that time, whichever is the case.

The Maxx Card (already printed and encoded) will be removed from the printer and verified by Bank branch personnel for accuracy, then linked to the new or existing checking account using the U.S. Bank system platform. This process could take as little as 30 seconds if the account has already been set up. When finished, the student will leave the U.S. Bank branch with a fully functional RebelCard ID and U.S. Bank Visa check card, all in one - the RebelCard Maxx.

Because RebelCard Maxx is an opt-in program, students, staff and faculty who choose not to participate will not be inconvenienced in any way by the addition of the RebelCard Maxx feature set. These cardholders will continue to receive and utilize a standard RebelCard, regardless of their affiliation with Bank.

F. Prepared cardstock

Bank will arrange for shipments of RebelCard Maxx cards to the U.S. Bank branch at various times throughout the year to match UNLV's issuance needs. The cards will arrive at the campus Bank branch, pre-printed in UNLV's chosen plastic design with all preliminary (known) information such as the 16-digit card number and expiration date (printed on the front) and the CVV number printed on the back (matching the card's magnetic strip encoding). The UNLV bottom strip encoding, photo, name and ID number, as well as the final steps necessary to 'link' the card to a U.S. Bank checking account, will occur in the Bank branch located near the RebelCard office. UNLV will continue to regulate and maintain its own encoding format on the bottom strip.

G. RebelCard Maxx Costs

Bank will be responsible for the procurement and storage of blank Maxx Card VISA branded cardstock throughout the duration of the Contract.

Bank will provide a card printer for printing photo images and other personalized information.

- Same or similar to printer(s) currently being used for standard cards
- Housed in on-site Bank branch
- Must include a lockable card input hopper
- Must apply a clear overlay on the front of the card after card production.

UNLV shall be responsible for providing a network drop in the campus bank location. U.S. Bank shall work with UNLV in determining where this can be placed within the U.S. Bank branch.

Bank shall be responsible for all costs associated with designing and printing the RebelCard Maxx.

H. Lost, Stolen, and Canceled Cards

1) Bank will offer the following ways to report a lost/stolen or compromised card(s).
a. A RebelCard Maxx can be reported lost/stolen or compromised 24 hours a day/365 days a year through Bank's toll-free customer service line, 1-800-USBANKS. The customer service representative will immediately deactivate the banking function on the customer's RebelCard Maxx.

b. Customers can stop by or call any U.S. Bank branch during regular business hours and report their RebelCard Maxx lost/stolen or compromised. Bank will deactivate the card immediately.

c. Customers can report their RebelCard Maxx lost/stolen or compromised online 24-hours a day/365 days a year at usbank.com. They simply e-mail Bank's customer service department and Bank will deactivate the card upon authentication of the request. There is no cost to the User or UNLV for this transaction or for replacement of the lost RebelCard Maxx.

d. Bank shall include lost/stolen instructions on the back of the RebelCard. Bank can also provide lost/stolen instructions to the RebelCard office and to new customers as they open their accounts.

2) Replacement Process: The replacement process is the same as getting the initial RebelCard Maxx. The cardholder goes to the RebelCard office, shows identifiable information that they are a Bank User and Bank will issue a replacement RebelCard Maxx instantly. The Bank campus branch links the replacement card using the U.S. Bank platform. This process will allow Bank customers access to their bank accounts immediately without having to wait for a new card to be sent in the mail.

3) Liability for Fraudulent Transactions: UNLV shall use reasonable efforts to advise Users who report a lost or stolen RebelCard Maxx to RebelCard office to also notify Bank directly, but is in no way responsible for a User's failure to notify Bank. Bank is not involved in any stored value function which may be attached to RebelCards, and Bank is not responsible to UNLV or any User for any losses associated with the stored-value function of RebelCard, unless due to the act or negligence of Bank, its employees or agents. UNLV is not responsible to Bank or any User for any losses associated with Bank functions of the RebelCard Maxx, unless due to a willful fraudulent act by or gross negligence of UNLV, its employees or agents that is outside of the protection provided UNLV by statute under Sovereign Immunity.

4) For the purposes of this Contract, Bank shall be considered the "issuer" of the Maxx Card, except to the extent it pertains to a solely RebelCard function. Bank shall be considered the "issuer" of the Maxx Card as it pertains to electronic funds transfers to and from the RebelCard Bank account, for the performance of any Banking Services related to the Maxx Card, and for the collection and confidentiality of any Bank User Confidential Information.

I. Termination; Effect on Users

UNLV and Bank agree that each User who has an account with Bank attached to Maxx Card shall be a customer of Bank and, upon any termination of this Contract above, or upon Users leaving UNLV, each User shall remain a customer of Bank unless such User chooses to terminate his or her account with Bank. Bank may solicit such Users in order to sell them the full range of banking products during the Term of this Contract or after its termination. UNLV
reserves the right to solicit such Users after the termination of this Contract, in order to sell them any banking products offered through UNLV by any party.

J. Re-Carding

UNLV plans to re-card all Users, and it is anticipated that this process will occur in the Fall of 2014 or Spring of 2015 at the latest. Bank shall work with the UNLV RebelCard Office to conduct a re-card of all current Users. The number of cards needing replacement is approximately 30,000. Bank shall work with the UNLV RebelCard Office to provide staff support and extra printers during an agreed timeframe to re-card all current Users. Replacement cards for Users desiring Maxx Cards/Banking Services that were issued for RebelCards (without a Bank logo) between the Target Date and the date the Bank first issues Maxx Cards, will be re-issued within thirty (30) days prior to the start of the Fall 2014 semester at Bank’s cost, provided Bank has timely provided the Maxx Cards. Bank shall provide Marketing Support (as defined below) for re-carding events and throughout the Term, with UNLV’s approval, using the various marketing strategies and methods. Bank shall be responsible for the cost of card stock for the Rebel Maxx Cards. While re-carding all the Users is a goal, in no event shall UNLV be required to make User re-carding mandatory during any point of the Term. UNLV reserves the right to make alterations to the Rebel Max Card throughout the Term, provided any the timeframe for such alterations are mutually agreed upon my UNLV and Bank.

K. Near Field Communication

It is UNLV’s intention to eventually upgrade the RebelCard to NFC (Near Field Compatible) technology; however, it is undetermined as to when UNLV will upgrade to the NFC technology. As UNLV expands its card program to other technologies, such as NFC, Bank will be expected to keep pace with UNLV needs and ensure that RebelCard Maxx Cards are compatible for use with any NFC technology UNLV decides to use in conjunction with the RebelCard, non-banking, on-campus functions of the card. If UNLV converts to a RebelCard with NFC technology (or another similar technology), Bank shall work with UNLV and their vendor to procure the cardstock needed for the updated RebelCard Maxx, including an annual contributory payment.

L. Banking Services

Bank shall provide full-service Banking Services to include, but not be limited to, checking and savings accounts, mortgage services, loans and lines of credit.

Bank will promote checking accounts with student and workplace benefits for use with Maxx Card, but qualified Users may select any of the accounts offered by Bank.

Bank will offer Banking Services associated with checking account products with student and workplace benefits and may be amended from time-to-time. Bank may make reasonable changes to enhance these account features as it sees fit. Additionally, all Bank-branded ATM’s on UNLV’s campus will be free of transaction charges to Bank checking account holders when accessing their account with Bank ATM/Debit Card or Maxx Card throughout the Term of this Contract and any Renewal Terms. This training will be provided on an as requested basis by UNLV or Users.

Bank has an interactive online resource called the Credit Wellness Center, and can be accessed 24x7 at www.usbank.com/creditwellness. This site was built to be a one stop shop to help customers learn about credit. Users simply scroll over images to get instant explanations and play a credit simulator to see how daily life decisions affect credit scores.

Q. U.S. Bank Internet Banking

Bank shall provide an internet banking site for Users to obtain all the information they need regarding their U.S. Bank accounts. Bank's internet banking site shall allow Users to make transactions between accounts, and use our mobile banking functionality. The site shall allow the option for joint account holders, or persons provided login information by Users to have access to review and maintain account activity, based upon the use of login identification. Features of the U.S. Bank internet banking site shall include, but not be limited to the following:

R. Mobile Banking

Bank shall offer mobile banking options to all customers for use through a downloadable application allowing them access to banking functionality from their mobile device.

II. Reports

Bank's Partnership Managers have access to databases that are updated monthly. Bank's UNLV Partnership Manager will work with UNLV to design and customize a report specifically for UNLV. All reports shall be customized for UNLV. Typically, reports include total active accounts, number of linked cards (RebelMaxx Cards), total aggregated deposit balances and percent penetration.

Data from the previous month shall become available approximately fifteen (15) business days after the end of the corresponding month. Bank's UNLV Partnership Manager shall transform the raw data into an easily understood, customized report and deliver it to UNLV designees.

Bank shall provide UNLV with a detailed annual review including all activities and account acquisition rates for the previous years. Bank shall also provide UNLV with recommendations for program enhancements in the coming year.

III. Marketing
Bank shall provide UNLV with dedicated marketing personnel. All Bank’s marketing efforts related to the UNLV RebelMaxx Card and UNLV branch will be coordinated with guidance and approval from UNLV. No marketing materials may be distributed at UNLV without UNLV’s prior review and written approval. UNLV shall cooperate and reasonably assist Bank in its marketing Support efforts. Bank shall be provided a table and granted free access to market immediately outside the Student Union Bank Branch Location/ Rebel Card Office area. All Bank marketing within the Student Union that does not occur within the Bank Branch or immediately outside of the Bank Branch/ Rebel Card Office area shall require the prior written approval (e-mail acceptable) of the UNLV Director for Student Union & Event Services and may be subject to additional fees. Bank shall abide by all Student Union policies regarding marketing. Bank shall provide Marketing Support at its expense (or as otherwise agreed to in writing by the parties) for re-carding events and throughout the Term, with UNLV’s approval, using the various marketing strategies and methods.

A. Specific areas of marketing support to be provided by Bank shall include, but are not limited to the following:

**Training, Education and Marketing Support**

Marketing Support shall include various marketing strategies and methods set forth in its Proposal and in the booklet provided to UNLV, "Campus Banking Implementation Guide," and the marketing strategies set forth below (or similar ones). Bank will provide professional support to UNLV throughout the Term of the Contract – not just the launch, and will provide consultative guidance and support in areas such as:

- Program planning, timing, set-up and implementation
- Development of training materials
- Development of customized marketing materials
- Inventory management, weekly balancing and monthly auditing of U.S. Bank/Visa cardstock
- Ongoing program maintenance, analysis and enhancements

Bank will be responsible for training and support for the entire RebelMaxx Card program, making employee and electronic resources available (as needed) to ensure a smooth setup, implementation and launch. Ongoing for any issues that may arise, a 'single point of contact' Bank’s UNLV Partnership Manager will be assigned to handle UNLV’s support.

Bank will create a comprehensive annual marketing plan for UNLV. Bank will work closely with UNLV to identify UNLV’s specific needs and create an annual marketing plan that incorporates sales promotion, merchandising and personal selling to create awareness, build business and provide exemplary service to the User base.

The following are some initial and specific co-marketing initiatives Bank has done in the past, and can provide in a similar fashion to support UNLV’s program:

- **Announcements of Enhanced Partnership:** Announcements of the enhanced campus card partnership via UNLV’s preferred communications protocol (i.e.
intranet, newsletter, flyers, payroll inserts, campus radio & television spots, campus newspaper, e-mail, etc.).

- **Informational Letter to Parents and Students:** Bank will create spring and fall letters to incoming students and parents explaining the benefits of RebelCard Maxx usage and banking privileges of Bank’s checking accounts for students. These letters can be included with UNLV distributed mailings. Bank will also produce brochures and flyers for inclusion in student communications including, but not limited to; acceptance letters, financial aid letters, orientation letters, housing information, and tuition bills.

- **Customized Brochures:** Bank will also create customized campus RebelCard Maxx brochures and flyers. These brochures will promote all functions on the new card, not simply the banking function. This provides efficiencies and allows the RebelCard ID Office to decrease current marketing expenses.

- **Marketing Materials for the RebelCard Office:** In addition, Bank can provide brochures, flyers, posters, banners, Tyvek card sleeves, table tents and more for the RebelCard Office to promote the partnership on an on-going basis.

- **Tabling Events** Throughout the school year, Bank will provide staffing at all carding events, including orientation, and will create a festive environment. This includes working with vendors to supply refreshments, promotional giveaways such as flash drives, mp3 speakers, stadium blankets, and “green” items like Vapur water bottles. Bank employees will participate in student orientations, social events, and other relevant opportunities to advance the opening of new bank accounts. Any tabling by Bank within the Student Union must occur directly outside of the US Bank branch. Tabling that is to occur elsewhere within the Student Union must have the prior written authorization (e-mail acceptable) of the UNLV Director for Student Union & Event Services. Tabling that is to occur elsewhere on the UNLV campus, must have the prior written authorization (e-mail acceptable) of appropriate UNLV staff whom can grant that authority.

- **Promotional Opportunities** UNLV will receive new marketing ideas and opportunities learned from Bank’s other campus partners over the years. Bank’s promotional materials and events are constantly changing and will be customized to meet the specific needs of UNLV.

- **Unique Creative Services – Examples include:**
  - **Save for Spring Break Promotion** US Bank shall offer students the option to open free Goal Savings accounts that help automatically save for special events like Spring Break. A free travel voucher drawing could be held to promote this helpful account.
  - **New ATM Cash Grab** U.S. Bank will hold a “Cash Grab” sweepstakes where students register to win temporary use of a fully-loaded ATM card to win cash from the relocated ATM machine
  - **Career Days** Bank will hold career days in conjunction with UNLV Career Services to inform students of employment opportunities at U.S. Bank.
  - **Entrepreneur Program** Bank will offer consultative services to student entrepreneurs at UNLV. Such consultative services may include providing
business account information and complimentary copies of U.S. Bank's "The Plan" workbook as additional resources in their quest for entrepreneurship.

- In conjunction with Bank's SBA group, Bank may partner with UNLV to deliver small business programs for business owners, future business owners, entrepreneurs and students.

- **Social Media.** Bank will use social media such as Facebook and Twitter to help coordinate upcoming events on campus such as a re-cardings, new student orientation, or Financial Wellness seminars.

- **Contactless Payments** In the future, contactless chip cards may be used for payments as well as payment "tags" that can be attached to cell phones to provide the ultimate convenience and access to student accounts. U.S. Bank anticipates having the ability to provide a payment sticker to customers in the near future that they could attach their cell phone and use for purchases when, for instance, they don't have their card on hand.

**B. Merchant Awareness Program**

Bank will endeavor to inform local Visa merchants about the new debit purchase functionality on the campus card, by sending letters or going out personally to existing Visa merchants and other off campus merchants to announce and promote the UNLV RebelCard Maxx banking functionality. Bank will create and supply participating merchants with Window stickers or 'clings' to display in windows that identify that the merchant accepts the RebelCard Maxx at their establishment.

Bank will work with local merchants to provide discounts to UNLV students and Users.

**C. Events.** Subject to prior UNLV written approval (e-mail acceptable), and for any events that occur within the Student Union, the Director for Student Union & Event Services' prior written approval (e-mail acceptable), Bank may be granted access to, and presence at, significant on-campus activities, events and promotional location to advance the opening of new Bank accounts. Bank must obtain appropriate approval prior to each event. These on-campus activities, events and promotional locations may include but not limited to the following:

- Re-carding Event
- New Student Orientation
- International Student Orientation
- On-going Tabling Events including Start of Semester, Book Buy-Back and Banker in the House
- Study Abroad Seminars
- Carding Events
- Financial Wellness Seminars
- New Employee Orientations

Participation in such events may include, but not be limited to, the following:

- Distribution of Letters and Account Applications prior to the event
- Tables in high traffic areas
• Presentations to Students and/or Parents

D. Signage. Subject to UNLV’s prior written approval, Bank may display informational and directional signage on campus identifying ATM locations, which signage shall be of commercially reasonable size and style. Bank may also display any signs or notices required by law to be displayed by Bank. Bank shall not cause any signage to be fixed to any UNLV property of any kind without the prior written approval of UNLV. Any signage that is to be located within the UNLV Student Union must have the prior written approval (e-mail acceptable) of the UNLV Director for Student Union & Event Services.

E. Promotional Information. UNLV shall review and approve any marketing materials produced by Bank for mailing. Unless otherwise agreed to by UNLV in writing (email acceptable), Bank shall be responsible for preparing, distributing and/or mailing any marketing materials to students. Neither UNLV nor Bank anticipates sharing any User Confidential Information with each other as part of this Contract. If UNLV does agree to provide Bank with a User Marketing Information, Bank may be required to sign an additional Non-Disclosure Agreement with UNLV, and any such Marketing Information may only be used to promote the Rebel Maxx Card and the services set forth herein.

F. Prior Approval. UNLV shall not distribute any materials using Bank’s name or relating to Banking Services without receiving prior approval from Bank.

G. Customer Service Approach and Metrics. Bank shall evaluate User experience and User satisfaction of UNLV branch customers. The on-site branch office at University of Nevada, Las Vegas is already included in our monthly surveys.

IV. Information Security

For the sake of simplicity as well as protection of User personal information, there will be no direct connectivity between UNLV systems and U.S. Bank.

U.S. Bank will store all User Bank Confidential Information on its internal servers only. UNLV owned printer located in the campus branch will be networked into (and controlled by) UNLV’s campus card production software. Note: U.S. Bank will help set this up for UNLV.

UNLV will not need to collect and share any student, faculty or staff UNLV Confidential Information, thus protecting their privacy at all times. Personal information will be collected directly from the cardholder at the campus branch when the card is issued.

As an added protection, U.S. Bank will physically separate the banking information and UNLV information on the card by implementing a second magnetic strip for UNLV use. This dual-magnetic strip layout greatly reduces the PCI compliance issues surrounding the use and storage of ISO numbers and eliminates the sharing of Bank User Confidential Information with UNLV.

Students, faculty, and staff will have free access to U.S. Bank’s Internet Banking site. U.S. Bank uses advanced encryption technology to ensure information stays safe and secure, and Bank has policies and procedures to protect Users from fraud loss.

V. Implementation
The Bank team dedicated to assisting with program implementation and support for UNLV exceeds 20 persons, and covers many levels and divisions within Bank. Bank's dedicated team is committed to seamless implementation of the card program. Areas of expertise for primary leadership and management staff from Bank's On-Site Banking and Campus Banking divisions will be provided.

UNLV requests that the Bank have the RebelCard Maxx Program up and running with cards available for instant issuance to students by July 1, 2014, in order that the Maxx Cards may be issued at the 2014 student orientations. Bank shall work with UNLV to try to meet this deadline. In the event that this deadline cannot be met, Bank shall strive to have the cards available for issuance as soon as possible, but no later than July 15, 2014. The tentative implementation schedule is attached hereto as Schedule A.

VI. Bank Branch Operation

On a typical, non-peak day, Bank will have 4-5 employees at all times at the on-campus Bank branch. During much slower months, i.e. when UNLV is not in session, the number of employees working may decrease to 3. However, during peak times i.e. start of semester, orientation, etc., there may be a total of 15 employees on hand to serve the UNLV students. Branch Hours: Bank's branch hours will be on accordance with the Lease Agreement.
UNLV and US Bank executed a Letter of Intent on January 31, 2014. The implementation of the RebelCard Program shall take approximately 20 weeks from execution of the Letter of Intent to ensure a smooth implementation. Following is a detailed project plan for the implementation of the RebelCard Maxx program. Except as otherwise stated in this Contract, this timeline is a time estimate subject to change as the implementation progresses, the parties agree there is no penalty for accommodating rolling dates commensurate with the progression of the project. The Bank will be responsible for any additional costs related to acquiring equipment or other goods and services that may be required for implementing the RebelCard Maxx program.

Exhibit B
Royalty Schedule

1. Signing Bonus: Bank shall provide an initial upfront “Signing Bonus” of $70,000 to UNLV which will be made payable within sixty (60) days of the execution of this Contract.

2. Royalty Payment(s): Bank shall pay UNLV an “Annual Royalty Payment” in three separate payments (each a “Royalty Payment”) based upon the number of Rebel Cards that are linked to a Bank checking account as calculated annually. The Annual Royalty Payment shall be based on the number of checking accounts linked to Rebel Cards as a percentage of total student enrollment for the academic school year such student enrollment shall be deemed to be 28,000 for the Term. Checking accounts linked to a Rebel Card held by faculty and staff will be included in the numerator of the percentage calculation but not the denominator. If a RebelCard Maxx holder is no longer a student, faculty, or employee of UNLV, and continues to use their RebelCard Maxx, that card will still be accounted for in the Annual Royalty Payment calculation.
