OVERVIEW

American Buildings Company is a part of Nucor. The largest steel manufacturing company in the U.S. We are one of 11 Divisions of their pre-engineered buildings division. We offer advancement within the entire Nucor family across the U.S.

ABC West currently has an opening for a Design Estimator.

Roles and Responsibilities
Create competitive, accurate and thorough estimates for Metal Building Systems using ABC's programs from input from Builders, Architects, and Engineers. You will be required to interact with ABC Sales group and Engineering to provide the most competitive and innovative solutions for their projects. To do this you must interpret contract documents, drawings, and specifications.

Education and Qualifications
At a minimum a 2 year college degree in architecture, architectural engineering or construction management. A 4 year degree is preferred.

Preferred Skills
Proficient use of computer programs dealing with structural design of buildings. Excellent communication, math, customer relationship and negotiating skills.

How to Apply
