OVERVIEW

Black & Veatch is an employee-owned, global leader in building Critical Human Infrastructure™ in Energy, Water, Telecommunications and Government Services. Since 1915, we have helped our clients improve the lives of people in over 100 countries through consulting, engineering, construction, operations and program management.

Roles and Responsibilities
The Black & Veatch Summer Internship Program is designed to provide the following to students: 1) experience in a working environment; 2) meaningful work assignments; 3) introduction to Black & Veatch corporate culture; 4) chance to network with experienced executives and leadership.

Principal Duties and Responsibilities:
● Research, develop, design, and test electrical components, equipment, and systems.
● Perform variety of tasks to support engineering analyses, report production, and designs.
● Coordinate with other disciplines. Schedule project deliverables.
● Collect, organize, and evaluate data.
● Analyze systems utilizing computer modeling.
● Organize and file project materials and references.
● Individual contributor with no subordinates.

Education and Qualifications
No experience required. Current enrollment in ABET accredited university in Electrical Engineering program. All applicants must be able to complete pre-employment onboarding requirements (if selected) which may include any/all of the following: criminal/civil background check, drug screen, and motor vehicle records search, in compliance with any applicable laws and regulations.
