HOWARD R. HUGHES COLLEGE OF ENGINEERING

DEPARTMENT OF ENERGY JOB OPPORTUNITY

Posting ID: E041516

Company: National Security Technologies

Company Website: www.nstec.com

Job Title: Associate in Information Tech

Work Location: Area 23 – Mercury - Base Camp

Position Type: Employment

Salary: N/A

College Major(s): Computer Science

College Level(s): Undergraduate

OVERVIEW

Roles and Responsibilities

Provide engineering system design and field support for a variety of short-term projects. This includes, but is not limited to, data acquisition, recording, control and automation, timing, checklists, and other documentation. Provide engineering support to the Certified Packaging Program (CPP) Manager. Work locations include both the North Las Vegas Facility and Nevada National Security Site. Accept individual responsibility and accountability for environment, safety, health, and quality processes within personal control, personal safety, and the safety of co-workers. Comply with established regulations and procedures for environment, safety, health, and quality and perform duties in a way that will not cause personal danger, endanger other individuals, or violate environment, safety, health, and quality regulations. Promptly correct or report any hazard or potential hazard to supervision. Understand the principles associated with the National Security Technologies, LLC (NSTec) safety concept. Participate in and embrace NSTec environment, safety, health, and quality initiatives.

Education and Qualifications

Completion of the first year of a Bachelor's degree program in a calculus-based Science, Technology, Engineering & Mathematics (STEM) field. Must possess planning/organizing skills and initiative. Good written and verbal communication skills. Experience using standard office software products. Basic knowledge of engineering equipment, software, systems, calculations, and applications of engineering methods. Ability to follow directions, both written and verbal, and able to work independently as well as part of a team. Applicant selected will be subject to a Federal background investigation.
