ENGINEER

Posting ID: EM18320471

Company Website: https://www.desertpinesgolfclub.com/

Company: Desert Pines Golf Club

Work Location: Las Vegas, NV

Position Type: Full-Time

Salary: DOE

College Major(s): Mechanical Engineering (ME), Electrical/Computer Engineering (EE/CpE)

College Level(s): Graduate Student, PhD. Student

OVERVIEW

Maintain entire facility, including the physical building structure, all mechanical, electrical, HVAC systems, and related equipment in accordance with energy conservation and preventative maintenance programs.

Roles and Responsibilities

Essential Functions:

1. Conducts walk-throughs and visually assesses the safe and efficient maintenance and operation of the physical structure(s) of the location, all mechanical, electrical, HVAC systems and any other related equipment.
2. Verifies completion of all routine maintenance on public spaces, meeting rooms, outlets, back of the house spaces, and grounds. Verifies completion of all repairs, replacement, and renovation projects in all areas.
3. Maintains effective Energy Management and Preventive Maintenance programs and conducts special training for other operating departments on the safe and efficient use of equipment and energy.
4. Performs necessary repairs and maintenance.
5. Actively trains in fire prevention, environmental health and safety, and engineering systems. Attends all meetings regarding hotel operations, i.e., department, fire, safety, health and quality improvement.
6. Attend morning walk around as required.
7. Maintains cleanliness and neatness of fitness equipment and facility.
8. Ensures a pleasant visit for each guest; maintains effective guest relations.
9. Performs special projects delegated by management.
10. Stays updated on latest developments pertinent to the department as well as the location.
Education and Qualifications
To perform this job successfully, an individual must be able to perform each essential function satisfactorily. The requirements listed below are representative of the knowledge, skill, and/or ability required. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Demonstrated outstanding customer service. Must possess willingness to learn and perform new engineering programs, excellent communication and organizational skills, attention to detail, drive and motivation. Flexibility with schedule with evenings and weekend work required.

LANGUAGE SKILLS
Ability to read and interpret documents such as safety rules, operating and maintenance instructions, and procedure manuals. Ability to read and interpret retail product labeling. Ability to speak effectively before groups of customers or associates of organization.

REASONING ABILITY
Ability to apply common sense understanding to carry out instructions furnished in written, oral, or diagram form. Ability to deal with problems involving several concrete variables in standardized situations.

PHYSICAL DEMANDS
The physical demands described here are representative of those that must be met by an associate to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.
