Company: Bombard Electric LLC

Work Location: Las Vegas, NV

Salary:

College Major(s): Construction Management (CEM), Mechanical Engineering (ME), Electrical/Computer Engineering (EE/CpE), Computer Science (CS)

College Level(s): Undergraduate-Senior, Graduate Student, PhD. Student, Alumni

OVERVIEW

Bombard Electric is a full-service electrical contractor offering complete electrical construction, service and maintenance capabilities to our customers. We have in-house capabilities to provide design/build and design/assist pre-construction services, conceptual estimating and budgeting, electrical installation from the beginning of a construction project through start-up, commissioning and warranty. Our team brings a powerful workforce that cannot be rivaled by any of our competitors.

Roles and Responsibilities

MAJOR RESPONSIBILITIES / ESSENTIAL JOB FUNCTIONS
1. Ability to read, analyze, understand, and interpret design and construction documents.
2. Understanding of electrical systems.
3. Utilization of BIM to increase the team’s understanding of problems and solutions and assist the construction and field team in solving issues throughout the project.
4. BIM coordination and preparation of filed drawings and reports.
5. Develop increased proficiency in system operation with a resulting increase in productivity while learning how to use all software options.
6. Maintain project files.
7. Assist management with additional assignments as directed.

Education and Qualifications

Educational and experience requirements include: High school diploma/GED; one or more years of electrical design experience; job site/field experience preferred. Position’s responsibilities can be learned through on-the-job training.

Preferred Skills

Marian Mason | Internship & Career Services Coordinator | coecareer@unlv.edu | https://unlv.edu/engineering/jobs
UNLV, Howard R. Hughes College of Engineering
• Proficient in the following design software: Revit and Navisworks.
• Computer skills in the use of various Microsoft Office applications including Word, Excel, and PowerPoint.
• Attention to detail and the ability to execute on multiple priorities in a fast-paced environment.
• Successful time management skills to work on several projects concurrently.
• Ability to share valuable information with team members to increase department expertise.
• Positive attitude and good communication skills with internal and external customers.
