BUILDING TECHNOLOGIES BRANCH SUPPORT INTERN (SOUTHWEST ZONE)

Posting ID: IN17909546
Company: Siemens Industry, Inc.
Position Type: Full-Time
College Major(s): Mechanical Engineering (ME), Electrical/Computer Engineering (EE/CpE)

Company Website: https://www.siemens.com/
Work Location: Las Vegas, NV
Salary:
College Level(s): Undergraduate-Junior, Undergraduate-Senior

OVERVIEW

The Building Technologies (BT) Summer Internship gives you the opportunity to learn Siemens while offering you full exposure to the BT organization. You will gain an understanding of nearly all departments, business lines and roles within BT, enabling you to understand where and how you may best fit within our organization. Under the guidance of a designated mentor, you will be immersed in Siemens products, technologies and culture, discovering what makes our company a global leader.

Requisition ID: 213458

Roles and Responsibilities
Through this extensive program, BT Summer Interns can expect challenging, meaningful experience in various areas of our business including Engineering, Project Management, and Technical Sales. Throughout the 10-12 week assignment, there will also be opportunities to participate in regular Lunch and Learn activities and structured trainings, all while developing professional skills and capabilities.

Participants who successfully complete the internship program will be considered for full-time opportunities in the Sales Development Program and/or Operations Development Program within the Building Technologies division upon graduation.

Education and Qualifications

- Overall Cumulative GPA: 3.0
- Education: Current junior or senior undergraduate students pursuing a BA/BS from an accredited technical school, college or university
- Majors: Mechanical Engineering, Electrical Engineering, Industrial/System Engineering, Industrial Distribution, Construction Management, HVAC, Management/Marketing/Sales with strong technical or engineering aptitude preferred (majors vary depending on location/position).
- Permanent work authorization in the U.S. without sponsorship is required
· Ability to work 40 hours per week from May to August

Preferred Skills
· Prior Internship or co-op experience
· Demonstrated leadership potential
· Strong analytical, writing and presentation skills
· Industry knowledge and/or interest
