OVERVIEW

GES is seeking highly motivated, energetic, and reliable individuals seeking to begin a new career in the construction materials testing (CMT) and inspection industry. This position is for full-time employment with a company that has been in the CMT industry for 25 years. GES is growing and in need of individuals that want to learn a new trade and help in the growth of the company.

Roles and Responsibilities
Qualified individuals will be able to perform the following after an introduction and training period: write detailed reports summarizing observations and testing; communicate results to project managers, clients, contractors and design professionals; organize work and manage time efficiently and effectively; and show commitment as a team player to help the company and others achieve the desired goal. Candidates will be provided with on-the-job training while earning national certifications with the American Concrete Institute (ACI), Nevada Alliance for Quality Transportation Construction (NAQTC) and the International Code Council (ICC).

Education and Qualifications
Selected candidates must have a high school diploma or G.E.D., a clean DMV report (driving record), the ability to pass a pre-employment drug test and intermediate math skills, with the ability to add and subtract numbers. Submissions outside of our online application will not be considered.
