OVERVIEW

We’re proud to have been recognized as one of the nation’s best engineering firms to work for multiple times! We’re currently the #1 ranked best structural engineering firm to work for in the nation for the second year in a row!

If you’re an honest, technically skilled, team-minded high-performer, and you want to be part of an organization that fuels professional and personal growth, then join us!

PROFESSIONAL ACHIEVEMENTS
- The structural engineer for the Stratosphere Tower in Las Vegas, the tallest tower west of the Mississippi!
- Super Engineers: one licensed in 43 states and one licensed in 39 states
- A governor-appointed member of the State Board of Engineers
- A founder of the Structural Engineers Association of Southern Nevada (SEASoN) and multiple past-presidents and other leaders of SEASON.

We want a Structural Engineer to help us take over the world!

Roles and Responsibilities
Entry level engineering.

Education and Qualifications
Degree in Civil or Structural Engineering.

Preferred Skills
Understanding the design of buildings utilizing wood, concrete, masonry, and steel.
