Company: National Field Services

Position Type: Full-Time

College Major(s): Electrical/Computer Engineering (EE/CpE)

Company Website: http://www.natfield.com/southwest

Work Location: Las Vegas, NV

Salary: DOE

College Level(s): Undergraduate-Freshman, Undergraduate-Sophomore, Undergraduate-Junior, Undergraduate-Senior, Graduate Student, PhD. Student

OVERVIEW

National Field Services is a third party electrical testing and services company that offers a broad range of electrical technical, testing, and engineering services to promote the safe, reliable and efficient operation of commercial and industrial facilities electrical distribution systems. We are seeking Field Engineering Technicians at various levels of experience for our Las Vegas office.

Roles and Responsibilities
Field Engineering Technicians are responsible to inspect, test, troubleshoot, repair, modify, perform start-up and collect data of low, medium and high voltage (50V to 500kV) electrical systems, and moderately complex relay calibration and power metering.

Education and Qualifications
Some college coursework completed in Electrical Engineering. Associates degree or higher in Electrical Engineering preferred.

Preferred Skills
Electrical theory and knowledge of electrical systems and components.

How to Apply
Email Cover Letter and Resume to: tylor.pereza@natfield.com
