OVERVIEW

Ace Fire Systems Inc. is a full service Fire Protection company based in Las Vegas, Nevada.

Roles and Responsibilities
Use as-builts and field data to prepare fire sprinkler designs to meet customer expectation and jurisdiction requirements. Prepare fire sprinkler drawings that are code compliant, ready for city approval, and field installation including all details, sections, notes and calculations. Prioritize projects to ensure deadlines are met in a timely manner.

Education and Qualifications
Proficient in AutoCAD and fire protection. Well organized and highly detailed. Must have basic computer skills with proficiency in writing emails and in Microsoft Office software.

Preferred Skills
Experience in residential and/or commercial construction. Knowledge of NFPA13. NICET level 1 or 2.

How to Apply
Please email or fax resumes to acefire1@gmail.com or 702-384-7282.
