OVERVIEW

If you’re looking for an interesting, fulfilling career, you’ve come to the right place! At Mission Support and Test Services, LLC (MSTS), we’re a dynamic team of employees who manage and operate the Nevada National Security Site (NNSS), formerly known as the Nevada Test Site. A premier outdoor, indoor and underground national laboratory for unique, high-level experiments, the NNSS has offices across the country, including Southern Nevada; Santa Barbara and Livermore, California; Washington, D.C.; and Albuquerque and Los Alamos, New Mexico. We’re dedicated to working together as a team to keep our nation safe. Join us!

MSTS is a limited liability company consisting of Honeywell International Inc. (Honeywell), Jacobs Engineering Group Inc. (Jacobs), and Stoller Newport News Nuclear, Inc. (SN3).

Roles and Responsibilities

● Work at the Service Desk answering and logging trouble calls for Mission Support and Test Services (MSTS) users.
● Respond to client requests, which may include installation, configuration, troubleshooting, and repair of client workstations.
● Use hardware and software testing tools to troubleshoot and make repairs as needed. Other responsibilities as requested by the IT team.

Education and Qualifications

● Completion of the first year of a Bachelor’s degree program in Information Technology or Computer Science at an accredited college or university and be actively enrolled.
● GPA REQUIREMENT- Must have at least a 3.0 GPA and this information must be placed on resume and transcripts uploaded in profile.
● Strong, independent work ethic.
● Willing to work in a dynamic team environment
● Strong attention to detail.
● Comfortable and knowledgeable in Microsoft Word, PowerPoint, Excel, and SharePoint
