MS SYSTEM SERVICES

Posting ID: IN177023F2

Company: Southwest Gas Corporation

Company Website: https://www.swgas.com/en/employment

Work Location: Las Vegas

Position Type: Part-Time

Salary: $20 per hour

College Major(s): Computer Science (CS)

College Level(s): Undergraduate-Sophomore, Undergraduate-Junior, Undergraduate-Senior, Graduate Student

OVERVIEW

This is an Internship program for our Corporate, Las Vegas, Southern Nevada operations. We are looking for smart, enthusiastic and self-motivated Computer Science students that have good communication skills, critical thinking skills, are well organized, are detail-oriented and can work independently in a fast-paced environment.

Roles and Responsibilities
The internship program is designed to provide a foundation of technical knowledge and professional experience while giving students the opportunity to learn the business of distributing natural gas. The internship program will foster teamwork, time management, task prioritization, and technical skills related to Microsoft System services.

Interns can expect to gain the following from this Internship:
Assist with Windows 10 migration project
Perform testing of infrastructure items
Support testing of critical applications
Complete related documentation for production use

Education and Qualifications
Intern candidate must be an actively enrolled student at an accredited college and/or university. Candidates must be in at least their sophomore year and must be majoring in fields related to the Company.
Commit to interning for a minimum of ten (10) weeks and a 40-hour work week for the summer program.
Internship positions are filled through our staffing partner; Interns are not direct employees of Southwest Gas.
Additionally, candidates must meet the following criteria:
Cumulative GPA greater than or equal to 3.0

Marian Mason | Internship & Career Services Coordinator | coecareer@unlv.edu | https://unlv.edu/engineering/jobs
UNLV, Howard R. Hughes College of Engineering
Most recent semester/quarter GPA greater than or equal to 3.0
Unofficial transcript submittal is required
In addition to the minimum qualifications, Intern Candidate must meet the following:
Effective interpersonal skills
Ability to learn technical knowledge quickly
Self-motivated, ability to work independently
Effective written and verbal communication skills
Effective time management and ability to adapt to changing priorities
Good understanding of Microsoft Active Directory and Windows Operating System
