We are looking for Part-Time Math Tutors who want to share their love of numbers and be a Role Model for College Bound students!

College Tutors is the nation’s most complete resource for customized tutoring services, offering a complete set of personalized tutoring for college bound students! Currently, College Tutors is looking for MATH TUTORS to make a different in students’ lives.

College Tutors offers flexible, part-time positions that will work around your schedule! Tutoring at College Tutors is great experience and an excellent way to develop a reference that future employers respect. This opportunity offers experience that are not available in the classroom. At College Tutors, there is a positive and supportive environment where everyone is part of a professional team.

We are looking for tutors available to work 10-15 hours within any of the following hours:

Monday – Thursday 2pm-9pm and Saturday – Sunday 9am-3pm

Responsibilities:

- Tutor subjects with a customized approach. Subjects include expert knowledge in Algebra I-III, Geometry, Trigonometry, Pre-Calculus, Calculus and Statistics.
- Assist student with homework, study skills and habits, organization and time management
- Support in building student’s skill set and acting as a mentor and role model

Qualifications:

- Three references to demonstrate reliability, responsibility, energy and integrity are required
- Cumulative GPA of 3.5 or higher, ideally a major or degree concentration in math or completed math based degree
- Expert knowledge as evidenced by transcripts in areas of math
- Good study habits and organization skills
- Effective communication skills with both student and parents
- Previous tutoring or teaching experience is preferred

We provide the following to our Tutors:

- Flexible scheduling
- Bi-weekly direct deposit paycheck
- Opportunity to tutor without driving around town
- Strengthen resume through professional employment and reference
