MECHANICAL ENGINEER II

Posting ID: EM18025506
Company Website: http://www.vadatech.com

Company: VadaTech, Inc.
Work Location: Henderson, NV

Position Type: Full-Time
Salary: DOE

College Major(s): Mechanical Engineering (ME)
College Level(s): Undergraduate-Senior

OVERVIEW

VadaTech is a world leader in the design and manufacture of embedded computing solutions. The products include configurable application-ready systems and their building blocks of boards, chassis and enabling software. Based on a unique combination of electrical, mechanical, software, and system-level expertise, VadaTech delivers commercial and rugged computing solutions to meet the high-reliability requirements of a wide variety of industries including communications, energy, industrial automation, medical, military, aerospace, research/physics and transportation.

VadaTech, Inc. is seeking candidates for Mechanical Engineer II. The Mechanical Design Engineer position will have experience related to electronic packaging of board level, chassis level and system level products. Responsibilities will include supporting existing product design, developing and testing new design for use in military, telecom and high-energy physics applications.

Roles and Responsibilities
Work within multidisciplinary teams and perform a multitude of activities throughout the product development lifecycle ranging from product design to field support. Please see full position posting at www.vadatech.com/careers

Education and Qualifications
BS in Mechanical Engineering or related technical field is required plus Three to five years of related experience.

Preferred Skills
Full job posting can be found at www.vadatech.com/careers

How to Apply
Interested qualified candidates should submit their resume, cover letter and salary requirements to vjobs@vadatech.com.
