Work Location: Nashville, TN

Salary: DOE

OVERVIEW

The Advent team is a quirky group of folks and talents—they're architects, falconers, sketch artists, 3-D modelers, musicians, MBA’s, marketing strategists, cheerleaders, typophiles, contractors, craftspeople, project managers, mathematicians, meat smokers, photographers, reporters, aerial silkists, writers, actors, moms and dads. They snack a lot. They like cookie Thursday, potlucks, food trucks, all kinds of music, gifs, campy films and giving back to their community.

Roles and Responsibilities

The role of the Project Engineer is to provide support to the Project Manager or Senior Project Manager by assisting in the management and execution of projects according to strict quality standards, deadlines and within budget while maintaining high levels of quality safety and customer satisfaction. This position is responsible for assisting the Project Manager or Senior Project Manager by exploring the feasibility of designs and bringing them to life for the customer.

Education and Qualifications

Bachelor’s degree in Construction Management, Engineering or related field
3-5+ years of professional work experience in Commercial Construction or Engineering
Hands on building and/or fabrication experience
Experience working on an active construction site
Portfolio of hands-on fabrication/construction experience required
Strong familiarity with the following software: Google Suite, Adobe Creative Suite, SketchUp, Procore and the Mac platform
The ability to travel required
Preferred Skills
Detail oriented and highly organized
A self-starter with the ability to learn quickly
Ability to be proactive not reactive; advanced problem solving skills; ability to ‘think on your feet’
Ability to delegate tasks as needed
