WEBSITE/ DEVELOPER FOR MARKETING WEBSITE

Posting ID: Company Website: www.jusadreamcreations.com
Company: Jus a Dream Creations Work Location: Las Vegas, NV
Position Type: Part-Time Employment Salary: TBD
College Major(s): Computer Science (CS) College Level(s): Senior & Graduate Students

OVERVIEW

Jus a Dream (JAD) is a positive learning program for children. Children will learn through: reading JAD’s children books, watching positive children’s cartoons, playing fun and competitive games, and through our specialized Motivational Learning Program (MLP). MLP’s innovative and entertaining learning tools are specially tailored for the different types of children in order to empower their mind: your child’s interest will help us select one of our four MLP’s in order to truly help them shine in their own light.

Roles and Responsibilities
We are looking for someone who loves building websites for the creative professional and implementing feature across web and mobile platforms. The job requires:

● Proficiency in modern HTML/CSS
● Familiarity and experience with Apache, PHP, JavaScript, jQuery, MySQL
● Working knowledge of common frameworks such as WordPress and Drupal
● Experience with Adobe Creative Cloud or similar
● Strong organizational skills to manage multiple tasks with timeline constraints
● Requires creative problem solving and presentation skills
● Strong communication skills and the ability to work closely with internal and external stakeholders to improve web presence

Additional Skills
● Sound understanding of Google Analytics and the ability update the design to meet the standards.
● A solid understanding of web application security, session management, and development best practices.

Education and Qualifications
This position requires a Bachelor's degree in Computer Science from a regionally accredited college or university.
