OVERVIEW

Clark County is a dynamic and innovative organization dedicated to providing top-quality service with integrity, respect and accountability. With jurisdiction over the world-famous Las Vegas Strip and covering an area the size of New Jersey, Clark is the nation’s 14th-largest county and provides extensive regional services to more than 2.25 million citizens and more than 46 million visitors a year. The Department of Public Works delivers a wide range of services to the community including the design, construction, inspection and maintenance of essential public infrastructure such as roadways, bridges, traffic control devices, flood control facilities and trails, for the safety and use of the public.

Roles and Responsibilities
Performs technician level installation, repair and preventive maintenance of electrical and electronic components of traffic systems equipment in a variety of County locations.

Education and Qualifications

- Education and Experience: Equivalent to graduation from high school, and successful completion of a Technician or Technologist Diploma Program, AND two (2) years of skilled full-time experience in the maintenance and repair of electronic and electrical equipment.
- Must possess a valid Class C Nevada Driver's License at time of appointment. Must be able to obtain and maintain a valid Class B Nevada Commercial Driver's License (CDL) within six (6) months of date of hire.
- Must possess valid International Municipal Signal Assoc (IMSA) Level I certification as Associate Traffic Signal Technician, or agree to obtain certification within one (1) year of date of hire.
- This position will require a crane operator's certification through the National Commission for the Certification of Crane Operators (NCCCO) within twenty-four (24) months from the date of hire.
