INTERN – INFORMATION SYSTEMS (PROGRAMMING)

Posting ID: IN18721502

Company: McCarran Airport

Position Type: Part-Time

College Major(s): Electrical/Computer Engineering (EE/CpE), Computer Science (CS)

Company Website: https://www.mccarran.com/

Work Location: Las Vegas, NV

Salary: $11 - $16 Hourly

College Level(s): Undergraduate-Freshman, Undergraduate-Sophomore, Undergraduate-Junior, Undergraduate-Senior

OVERVIEW

McCarran International Airport is a global leader in technology, is ranked #3 among “mega-sized” airports in North America and processes over 48 million passengers a year. McCarran is a dynamic and exciting place to work with a mission to provide excellence in customer service.

Additionally, Clark County Department of Aviation prioritizes professional development and ensures that our interns get the training they need to excel in their future careers.

Clark County Department of Aviation is seeking an energetic and dedicated undergraduate Computer Science, Computer Engineering, or Management Information Systems major to fill an internship position.

Roles and Responsibilities
The intern will engage in design sessions with design, engineering, and product management teams; work directly with design engineers to develop and validate new products; participate in issue debugging with in-house engineers and development partners; and be able to handle small to moderate web development projects.

Education and Qualifications
We are looking for someone who has knowledge/skills in the following areas: software development methods and life cycle management; Microsoft development environments such as Visual and Management Studio, C#, Java, HTML5, CSS, JavaScript and Angular.js; web, and mobile application developments; writing SQL queries, stored procedures and views for Oracle and/or MS SQL.

How to Apply
Email your current resume and transcript to interns@mccarran.com by September 14, 2018. If you have any questions or need assistance, call 702-261-5764.
