RISE INTERNSHIP

Posting ID: IN19218438
Company: Capgemini
Position Type: Internship, unpaid
Company Website: https://www.capgemini.com/
Work Location: San Francisco, CA
Salary: Unpaid
College Major(s): Civil Engineering (CEE), Construction Management (CEM), Mechanical Engineering (ME), Electrical/Computer Engineering (EE/CpE), Computer Science (CS), Entertainment Engineering (EED)
College Level(s): Undergraduate-Senior

OVERVIEW

RISE is Capgemini’s new leadership program aimed at giving rising seniors an in-depth look into the field of technology consulting. This is a high intensity, interactive, 3-day session where students will be exposed to Capgemini resources and design centers. You will be offered many opportunities to flex your critical-thinking skills against real-life problems, to gain a true understanding of how working in a global technology consulting firm can support your career path, and to meet like-minded students from across the country. Students will be grouped together and tasked with a “project” to solve which will result in a tangible product that you will then present to a panel of judges. Successful completion of the program may result in a 2020 Staff Consultant full time offer with Capgemini.

Roles and Responsibilities
You will be offered many opportunities to flex your critical-thinking skills against real-life problems, to gain a true understanding of how working in a global technology consulting firm can support your career path, and to meet like-minded students from across the country. Students will be grouped together and tasked with a “project” to solve which will result in a tangible product that you will then present to a panel of judges. Successful completion of the program may result in a 2020 Staff Consultant full time offer with Capgemini.
