PROGRAMMER INTERNSHIP

Posting ID: IN1840146B
Company: Travel Red Carpet
Position Type: Part-Time
College Major(s): Computer Science (CS), Entertainment Engineering (EED)

Company Website: http://www.vipnight.com
Work Location: Las Vegas
Salary: DOE
College Level(s): Undergraduate-Sophomore, Undergraduate-Junior, Undergraduate-Senior

OVERVIEW

We are a world class hospitality concierge and travel agency headquartered on the beautiful Las Vegas Strip. As an industry leader in our field, we are seeking high energy, innovative, and motivated individuals that want to be a part of the technological advancements we are making in the global travel market.

Roles and Responsibilities
This is an educational internship, and as such, our goal is for you to be able to take the knowledge you have gained from your coursework and apply it to real-life situations. If selected, you will be working with a small group of highly-talented programmers, and working directly underneath a programmer with a Master’s in Information Systems from UNLV. Those who successfully complete this internship will be reviewed by the company for a salaried position.

Education and Qualifications
Maintain quality and ensure responsiveness of applications.
Maintain code integrity and organization.
Experience working with graphic designers and converting designs to visual elements.
Understanding and implementation of security and data protection.
Experienced with back-end programming languages (Ex: PHP, Python, Ruby, Java, .NET, JavaScript etc.)
Proficient experience using {{Ex: advanced JavaScript libraries and frameworks such as AngularJS, KnockoutJS, BackboneJS, ReactJS, DurandalJS etc.}}.
Development experience for both mobile and desktop.
Understanding of server-side languages (such as Jade, EJS, Jinja, etc.).
Experience with cloud message APIs and usage of push notifications.
Knowledge of code versioning tools (such as Git, Mercurial or SVN)
FRONT-END
● Web fundamentals like HTML, JavaScript, and CSS
● CSS preprocessors like Sass or LESS
JavaScript frameworks like AngularJS, React, or Ember etc., or JS-based build tools like Grunt, Gulp, and Bower
- Libraries like jQuery or Backbone.js
- Front-end (CSS) frameworks like Foundation or Bootstrap
- AJAX

BACK-END
- API design and development
- CRUD (Create, Read, Update, Delete)
- RESTful Services
- Web fundamentals like HTML, JavaScript, and CSS
- Server-side languages like PHP, Python, Ruby, Java, JavaScript, and .Net
- Database technologies like MySQL, Oracle, PostgreSQL, and MongoDB.
- Web server technologies like Node.js, J2EE, Apache, Nginx, ISS, etc.
- Frameworks related to their server-side language of choice like: Express.js, Ruby on Rails, CakePHP, etc.

How to Apply
To apply, please send your resume to jobs@travelredcarpet.com.

In your resume, please include specific months and years of employment and education. We are an Equal Employment Opportunity Employer committed to a culturally diverse workplace.

Due to the anticipated volume of responses, we will contact only those candidates who most closely match our requirements. Only local candidates will be considered.
