

Fall 2022 Registration Schedule

The Fall 2022 Registration Schedule is based on expected class standing. For example, if you are currently a freshman and expect to finish enough credits before the semester to be a sophomore, you will register at the time designated for sophomores.

Each student will have an individual appointment date and time assigned to them based on their expected academic standing. Students can view their specific appointment information in their Rebel Student Homepage. For example, the registration dates for sophomores are Monday, April 18th at 2:00 p.m. through Tuesday, April 19th at 7:15 p.m. Students must check their student center to determine the time between these two dates that they may actually register as different students will have different times assigned to them. The appointments are assigned randomly within each academic standing.

****Students who have applied for graduation and selected the Spring 2022 or Summer 2022 term will not be supplied with an enrollment appointment for Fall. If Students no longer expect to complete their degree by Spring or Summer 2022 they must adjust their anticipated graduation term by emailing graduation@unlv.edu****

The times listed below are in Pacific Time (PT).
