APPENDIX A: POINTS OF CONTACT
**GRADUATE ASSISTANTSHIP CATEGORIES**

**What is a Graduate Assistantship?**
Graduate assistants, or GAs, have a unique dual role: they are both graduate students and research, administrative, or teaching assistants who contribute to the academic mission of the university. Graduate students awarded these competitive positions receive a stipend and benefits package for their work in the classrooms, laboratories, administrative units, and offices of the university. All GA offers must be extended and processed by the Graduate College via the Grad Rebel Gateway to be considered an official GA position. Any GA offers extended outside of the Graduate College are not considered an official GA and will not receive the benefits of an official GA position.

**Graduate College State-Funded Graduate Assistants**
Graduate College state-funded GAs are supported through state funds allocated to academic deans from the Graduate College. GAs who are supported through state funds must be assigned duties that are related to teaching or research. State GA funds cannot be used for summer GA appointments and must be spent by the end of the fiscal year on June 30.

**Externally Funded Graduate Assistants**
Externally funded (sometimes referred to as extramurally funded) GAs are funded by sources outside of the Graduate College, such as grants, contracts, CGRAs, CIGAs, and departmental/non-academic units on campus. These GAs are appointed as externally funded and their work must be related to their degree program and advance their research, scholarship, creative, or professional skills.

**Graduate Assistantship Categories and Descriptions**
There are seven categories of graduate assistantships (GAships): graduate teaching assistant, instructional graduate assistant, graduate research assistant, community graduate research assistant, community internship graduate assistant, Top Tier doctoral graduate research assistant, and professional development graduate research assistant.

Below are the descriptions of each of the categories.
• **Graduate teaching assistant:** Graduate teaching assistant (GTA) is the term used at UNLV to refer to GAs assigned to work on campus in teaching-related positions. Most of the GAs on campus are GTAs. Within a college or school, 80% of the funds allocated from Graduate College state funds must be assigned to GTAs teaching six credits, or the equivalent (as a teaching assistant; teaching labs; etc.), each semester. GTAs may not teach more than six credits each semester. GTA responsibilities vary greatly and may include, but are not limited to:
  o Teaching a small section of a course
  o Holding office hours and meeting with students
  o Assisting with the grading of homework, exams, and/or written assignments
  o Administering tests or exams
  o Assisting a faculty instructor with large lecture classes by teaching students in laboratory or discussion sessions

• **Instructional graduate assistant:** Funds are allocated to departments for specific undergraduate teaching needs. Ideally, IGAs are second-year students in a master’s, specialist, or Artist Diploma program who can serve as the instructor of record on lower-level undergraduate courses; doctoral students may be IGAs with Graduate College approval. Students should not serve more than one to two semesters as an IGA.

• **Graduate research assistant:** Graduate research assistant (GRA) is the term used at UNLV to refer to GAs who work on campus in research-related positions. These research positions primarily exist in academic departments as well as some research centers and institutes. GRAs gain the experience of working alongside faculty members on cutting-edge research. GRAs are generally funded through competitive faculty grants and contracts. GRA responsibilities vary greatly and may include, but are not limited to:
  o Collecting, coding, and/or analyzing data
  o Conducting literature reviews or library research
  o Preparing materials for submission to funding agencies and foundations
  o Writing reports
  o Preparing materials for IRB review

• **Top Tier doctoral graduate research assistant:** Top Tier doctoral graduate research assistant (TTDGRA) refers to GAship positions that are awarded to faculty members based on a campus competitive grant application process. Duties for these GAs involve working on specific research topics alongside the faculty member who was awarded the TTDGRA position. TTDGRAs are awarded to faculty on a three-year cycle.

• **Community graduate research assistant:** Community graduate research assistants (CGRAs) are graduate research assistants funded by community partners in the private, public, and nonprofit sectors. CGRAs work on campus under the direction of a UNLV faculty member, not the funding agent. CGRAs may be asked to present to their funding agent each semester, to share research findings, etc. While CGRA positions are funded by community partners, the funding agent is not involved in the process of selecting the GA. All UNLV GA guidelines and regulations apply to CGRAs. For more information on CGRAS refer to the Graduate College [Community Opportunities webpage](#).
● **Community internship graduate assistant:** Community internship graduate assistants (CIGAs) are funded by community partners in the private, public, and nonprofit sectors. These partnerships will allow organizations to support graduate students by providing them hands-on experience as interns at their site. CIGAs are supervised by their UNLV faculty advisor, with onsite mentorship from their site coordinator. While CIGA positions are funded by community partners, the funding agent is not involved in the process of selecting the GA. All UNLV GA guidelines and regulations apply to CIGAs. For more information on CIGAS refer to the Graduate College Community Opportunities webpage.

● **Professional development graduate research assistant:** Professional development graduate research assistants (PDGRAs) are professional development GAs funded by university department funds. PDGRAs work on campus, primarily in non-academic departments, such as the Academic Success Center, Career Services, Office of International Students, the Graduate College, etc. GAs in this category gain professional skills in their field of study while supporting campus services. PDGRA positions must be related to the GA’s scholarly area of study.
GRADUATE COLLEGE POLICIES ON GRADUATE ASSISTANTSHIP DUTIES AND EXPECTATIONS

Eligibility
In order to be eligible for a GA position, the student must be fully admitted as a degree-seeking graduate student. New students may not begin their GA before their term of admission.

Terms and Dates of Appointments
GAs are appointed by the university to conduct work in exchange for a stipend and benefits package. In this capacity, they are expected to report in the same timeframe as academic faculty (e.g., during academic semesters and not during break or vacation times). GAs must report to work one week prior to the first day of instruction for both fall and spring semesters. A GA contract ends one week after finals week. The Graduate College strongly suggests appointing a GA for the academic year. However, departments may appoint on a semester-by-semester basis.

Appropriate GA Duties
It is important to note that GAs are students first and foremost. GAships are designed to be supportive of graduate students’ intellectual and professional development. Faculty should not ask GAs to perform menial labor, such as office cleaning, personal errand running, dog-walking, babysitting, or similar activities that are unrelated to the student's academic development. Individuals with questions about appropriate GA responsibilities are urged to contact Graduate Financial Services or the dean of the Graduate College.

Workload
GAs are hired by the university to perform work that is central to the goals of the hiring unit. Because GAs are students first, and their primary goal is to earn a graduate degree, they are expected to spend no more than 20 hours per week (.50 FTE) fulfilling duties and responsibilities during the academic year. There are currently no half-time or part-time GA positions at UNLV. If a GA’s workload assignment changes, this must be reported to the Graduate College to ensure accurate reporting of the GA’s assignment. Furthermore, once the semester begins, GA duties may not be changed for that semester except under special circumstances (e.g., change to a grant, etc.).
Additional Employment

Additional employment on or off campus is prohibited unless approved by the GA supervisor, faculty advisor or advisory committee chair (if applicable and already appointed), graduate coordinator, department chair, and Graduate College dean. Such employment may never exceed 10 hours per week and must be limited in nature. Failure to request prior approval of employment may result in the assistantship being rescinded. All GAs requesting additional employment must submit a completed Graduate Assistant Request for Additional Employment form to the Graduate College before engaging in any additional employment. The form can be found by logging in to Grad Rebel Gateway and visiting the Forms tab and clicking on the Graduate Assistant Forms link.

If adjustments are needed for a previously approved request, a new GA Request for Additional Employment form is required. An indication of the changes must be included in the request narrative. GAs must remain under the 10 hours per week total for all additional employment.

International GAs on an F-1 or J-1 visa are typically limited to the 20-hour GA work week during the academic year. They cannot work any additional hours on campus or off campus unless they obtain Curricular Practical Training (CPT) approval from the Office of International Students and Scholars (OISS). As an international student, it is very important to consult with OISS before accepting any additional employment outside of the GA contract, as this could negatively impact their visa status. International GAs requesting additional employment must attach the approved CPT and updated I-20 to the GA request for additional employment.

Additional employment within the Nevada System of Higher Education (NSHE) may have tax implications and will impact a GA's FICA withholdings.

Working Over Winter, Spring, and Summer Breaks

GAs are expected to work during the academic year obligation dates (same timeframe as academic faculty). Winter and spring breaks are not included in the GA compensation schedule. If needed, departments can hire GAs on a separate non-GA contract in Workday to cover work during winter and spring breaks. Compensation, duties, and FTE should be decided between the hiring department and the student. Please note, work completed during winter and spring breaks may have tax implications and could impact the GA's FICA withholdings.

Students appointed as GAs during summer break must abide by the additional employment guidelines outlined above.

Fall, Spring, and Summer Semester Credit Loads

GAs must carry a minimum of six graduate credit hours for each fall and spring semester. Audited or undergraduate courses will not be counted toward the six-credit minimum requirement. Failure to remain in six graduate credit hours will result in the termination of the GAship contract. An Authorization For Overload Form, available on the Forms tab under Additional Forms in the Grad Rebel Gateway, must be approved by the faculty advisor or advisory committee chair (if applicable and already appointed), graduate coordinator, and Graduate College dean for credit loads in excess of 15 credit hours. GAs working during the
summer must enroll in at least one graduate credit during Summer Session I, II, or III in order to remain in "student status" for payroll tax purposes.

Please note that UNLV considers GAs enrolled in six graduate credits full-time graduate students; however, for federal financial aid purposes, a GA enrolled in fewer than nine credits will be considered part-time. This could impact the cost of attendance for a GA in terms of tuition and the cost of course materials (e.g., books).

Please note: All credit hours must be taken at UNLV to maintain GA eligibility unless an official consortium has been approved.

GA Enrollment Deadlines
In order to remain eligible for their GA position, students must enroll in graduate-level credits in a timely manner. For fall, GAs must enroll in six graduate-level credits by July 15. For spring, GAs must enroll in six graduate-level credits by Dec. 15. Students appointed after the July 15 and Dec. 15 deadlines must enroll in six graduate-level credits two weeks before the start of the GA contract. Failure to enroll in the minimum number of graduate-level credits by the deadline may result in the revocation of the GAship. Please note, this deadline does not impact a student's ability to change courses once enrolled. Once registered in the required number of credits, students may swap classes as needed. The MyUNLV Enrollment Guide provides information on how to swap classes. Please refer to the Academic Calendar for specific course registration deadlines.

Adhering to Policies and Laws
GAs are required to abide by all federal and state laws; NSHE and university policies; standards of professional conduct; and the rules, ethical codes, and policies that govern the GA's field of work, area of study, and funding source. Any violation thereof may lead to the termination of a student's GAship; separation from the graduate program; and possible legal action, criminal penalties, and/or other sanctions deemed appropriate.

Application and Renewal of Assistantships
Students must submit a GA application via the “Funding” tab in Grad Rebel Gateway each academic year, even if the GA is continuing in the same position. If a GA is appointed for one semester at a time, a new application must be submitted each semester to be considered for an assistantship. Students must also submit a new GA application to be appointed for summer or to apply for a new or different assistantship.

Notification of Graduate Assistantships
Students are sent an email when a decision has been made on their application. If a GA position has been offered, students must log in to their Grad Rebel Gateway account and go to the Funding tab to view the GA decision letter and accept or decline the offer by the deadline posted on the GA offer letter. If the GA offer is not accepted within the timeframe posted on the GA offer letter, the GA offer will be rescinded. Hiring departments may contact the GA office at gradfinancialsvc@unlv.edu to request reinstatement of rescinded GA offers.
**Equal Opportunity**
The University of Nevada, Las Vegas is an equal opportunity institution. UNLV is an EEO/AA/Title VI/Title IX/Section 504 institution. All applicants to the Graduate College, and admitted students, will receive equal consideration, access to programs and activities, and equitable and just treatment without regard to race, color, national origin, religion, sex, pregnancy, marital status, sexual orientation, gender identity, age, disability, or covered U.S. veteran status. Diversity is our strength; you are welcome here. Persons having questions regarding university policies relating to nondiscrimination law are encouraged to contact the Office of Compliance & Title IX at 702-895-4055.

**Statement of Commitment to the Recruitment of Diverse Students at UNLV**
UNLV, along with other research-intensive public universities in the United States, recognizes that a student body that is diverse with respect to race, ethnicity, socioeconomic class, background, and geography, among other dimensions of cultural difference, benefits and enriches the educational experiences of all students, faculty, and staff. Accordingly, UNLV strives to recruit students who will further enrich this diversity and to support their academic and personal success while they are a part of our campus community. The presence and achievement of racial and ethnic minority students at UNLV not only benefits these students individually, it enhances the educational and interpersonal experiences of everyone in our campus community. UNLV actively encourages applicants whose racial and ethnic backgrounds are underrepresented in higher education in Nevada, who are first-generation college students, international students, and those with demonstrated financial need. The UNLV Graduate College also proudly participates in the McNair Scholars Program, which helps to identify and prepare underrepresented and minority students for graduate school.

**Consensual Relationship Policy**
UNLV prohibits romantic or sexual relationships between members of the university community when one of the individuals involved has direct professional influence or direct authority over the other. In that circumstance, both the university and the person in the position of influence are vulnerable to charges of sexual harassment from the person in the position of lesser power and/or by third parties.

For more information, please see the Human Resources Consensual Relationships Policy webpage.
GRADUATE ASSISTANTSHIP BENEFITS

Stipend
All GA appointments must meet the minimum stipend amount for the student’s academic program. GA stipend amounts vary by department and program. Stipends can not exceed 50% FTE of the lowest-paid full-time faculty member in the student’s academic program. The maximum stipend is determined based on the monthly payment compared to the lowest-paid faculty member. Please see the section in the handbook “Graduate Assistantship Stipend Information” for more information.

Out-of-state Tuition/Fees Waiver
Out-of-state graduate students who become GAs will have the out-of-state tuition waived while under GA contract. It should be noted, however, that out-of-state tuition is waived only during the time the student holds the assistantship. Hence, if a student is no longer a GA, they will be considered an out-of-state student (and pay out-of-state tuition/fees), unless they have applied for and received Nevada residency, as defined in the residency regulations in Title 4, Chapter 15 of the BOR Handbook.

For more information on fees, please see Tuition & College Costs.

Graduate College State-funded GA Tuition/Fees Waiver
A reduction of graduate course registration fees is available to Graduate College state-funded GAs for a maximum of nine credits per semester for students enrolled in state-funded programs. This means that nine graduate-level credits of the in-state per credit registration fees are paid for by the Graduate College. Please note that state-funded GAs in graduate programs that are subject to differential tuition will only receive a reduction in their tuition equal to up to nine graduate credits at the standard state tuition/fee rate.

Externally Funded GA Tuition/Fees Waiver
If an externally funded (sometimes referred to as extramurally funded) GAship provides a tuition/fee waiver, then this will be indicated on the GA offer letter.

Processing of In-state Tuition/Fee Waivers
Tuition/fee waivers are processed when all required onboarding tasks have been completed. Students must be enrolled in their graduate courses before waivers can be processed.
Parental Leave Policy

Parental leave means leave with or without pay for childbirth or placement of a child for adoption or foster care. The Graduate College will provide up to six weeks of paid GA leave (during the standard GA appointment period), and up to an additional six weeks of unpaid leave or a flexible GA work assignment. For the six weeks of paid leave, the GA will also retain their full stipend and benefits during the leave. If both parents are GAs, the six-week leave may be divided between them, as per their request.

Departments, faculty, and GAs should continue to work collegially to agree upon the details of the leave, recognizing that these may differ from case-to-case depending on the timing of the birth/adoption, individual student circumstances/preferences, and type of GA work assignment. Supervisors are expected to work with GAs requesting allowable leave to accommodate requests for alternative workload assignments, and/or flexible workload assignments, in a way that recognizes the special needs of, and potential benefits to, the GA. The Graduate College encourages departments to support maximum GA utilization of the Parental Leave Program. GAs who would like to use the parental leave benefits must submit the Graduate College Parental Leave Form at least eight weeks prior to the anticipated leave, or two weeks before the start of the semester, whichever is earlier. To submit this form, log in to the Grad Rebel Gateway and select the Forms tab. You will find the GA Parental Leave form under Graduate Assistant Forms. For more information, please see the UNLV Graduate Assistant Parental Leave Program.

Waiver for Portion of Mandatory Health Insurance

All GAs are required to have health insurance while under contract. All GAs enrolled in the UNLV Student Health Insurance Plan will be given a subsidy of $500 per semester (fall and spring) that will go toward a portion of the health insurance premium. The cost of the UNLV Mandatory Health Insurance is subject to change each academic year. Please see the Student Health Insurance Frequently Asked Questions webpage for the most up-to-date information.

All GAs appointed for fall and spring will be covered by the mandatory health insurance plan for one year (August-August). This plan will be renewed each year that the GA is rehired and does not opt-out of the health insurance program.

The cost of the health insurance will be automatically added to the student account in MyUNLV for both the fall and spring semesters. The amount added to the spring semester bill will be slightly higher, as the cost of the spring health insurance covers summer as well. Students who are able to provide proof of alternate insurance from a non-UNLV provider may qualify for a waiver, and the UNLV health insurance fee and subsidy will be removed from their account.

All international graduate students are required to carry student health insurance. International students who wish to waive out of the UNLV student health insurance must contact OISS for further information. Also, any international graduate students with insurance questions must contact OISS directly. OISS is located in the Office of the Registrar (SSC-C). Their phone number is 702-774-6477 and their email is oiss@unlv.edu. You may also visit the OISS website.
For additional information, please go to the Mandatory Graduate Student Health Insurance page on the Graduate College website or to the Student Health Insurance page on the Student Recreation and Wellness Center website.

University Benefits/Leave
GAs are not eligible to receive annual leave or sick leave. A discussion should be held between the student, department, and Graduate College to determine the best course of action if a student is unable to continue with job duties. GAs are not included in university employee benefits or retirement plans.

Jury Duty
Nevada Revised Statute (NRS) 6.190 prohibits employers from terminating or threatening to terminate employees for jury duty. Title 4, Chapter 3, Section 23 of the BOR Handbook states that “Judicial leave also will be granted to serve on a jury or when summoned to be a witness.” UNLV has a policy of paid leave for employees who are serving on a jury or as a court witness.

Thus, GAs cannot be terminated or threatened to be terminated if they have jury duty. GAs should let their supervisor know as soon as possible of upcoming jury duty services.

For additional information, please see the Board of Regents Handbook, UNLV's Human Resources Jury Duty, Civil Leave, and Military Leave page, and Nevada Administrative Code, Rules for Personnel Administration, Classified Employees.

Civil Leave (Voting)
UNLV grants all employees paid time off to vote. The amount of time received to vote depends on the distance between the polling place and the university.

With prior supervisory approval, NRS 293.463 permits employees to use civil leave to the extent reasonably necessary to vote, when it is not practical for employees to vote on their own time.

GAs who anticipate the need to use any work time to vote must talk with their supervisor in advance. Supervisors are encouraged to work with employees to provide reasonable opportunity to vote (and may not unreasonably withhold approval for civil leave).

For additional information, please see UNLV's Human Resources Jury Duty, Civil Leave, and Military Leave page and Nevada Administrative Code, Rules for Personnel Administration, Classified Employees.

University Observed Holidays
If a GA’s work schedule falls on one of the university observed holidays, the GA is not expected to make up the hours missed due to the university's closure.

Summer Registration Fees
GAs who are under contract for the academic year and will be appointed as a GA in the following fall semester may be eligible to receive grant-in-aid for the payment of a specified
portion of the tuition and/or registration fees (up to a maximum of three graduate credits) in the
summer session(s). In order to receive this benefit, students must inform the Graduate College
by emailing gradfinancialsvc@unlv.edu at the time they enroll in summer classes. The email to
the Graduate College should include the GA’s full name, NSHE ID, and the number of credits
enrolled.

**Bookstore Discount**
GAs receive 10% off purchases at the UNLV Bookstore by showing a copy of your GA offer letter
(which you receive in Grad Rebel Gateway).

**Free Student Tickets to UNLV Athletic Events**
GAs are eligible to receive free student tickets to UNLV athletic events.
FINANCIAL RESOURCES AND TAX INFORMATION FOR GRADUATE ASSISTANTS

Taxable and Non-taxable Items
For GAs, all stipends are reported as taxable income. In contrast, tuition/fee waiver/health insurance contributions/scholarships/fellowships are normally not taxed. An exception would be if any scholarship/fellowship amounts exceed qualified education expenses (cost of attendance). International students should expect to be taxed on scholarships, fellowships, and access grants.

GA Loans
GAs can apply for a GA loan of up to $500 per semester with a fee of $1 per $100 borrowed. These loans must be repaid by the end of the semester in which they are granted. Recipients repay the loans through monthly payroll deductions. Please note that the loan is first applied to any unpaid university bills, with the remaining amount provided to the student. You may obtain a loan application from Graduate Student Financial Services by emailing gradfinancialsvc@unlv.edu.

Federal Income Tax
Federal income taxes must be deducted under federal laws. Taxes are withheld from each paycheck in accordance with the gross pay and the number of exemptions claimed on your W-4 Withholding Allowance and Certificate. For additional information, please see the Payroll Office website.

FICA
Federal Insurance Contributions Act (FICA) taxes, along with Medicare taxes, are generally withheld from employee paychecks and matched by employers. However, graduate students who are enrolled in more than three credit hours are exempt from FICA. If there is no more than a five-week break between enrollment periods (official semester beginning and ending dates according to the published class schedule), then work between those semesters will not be subject to FICA. Work for pay periods beginning after the end of the spring semester will be subject to FICA unless the student is enrolled in at least one credit during the summer term as long as the break between classes is no more than five weeks. A student in their last semester of school may want to consult Payroll regarding special FICA exemption requirements that may apply to them. Please be aware that any GA that has additional jobs as a letter of appointment,
PTI, or casual labor employee is not considered a student for purposes of exemption from FICA. For more information, please see the Payroll Office website.
IMPORTANT INFORMATION FOR INTERNATIONAL GRADUATE ASSISTANTS

Overview of the Process
An F-1 visa allows students who are enrolled in a full course of study to work on campus at the university that issued the visa. Such employment is limited to 20 hours per week during the semester. A student’s UNLV I-20 is their proof of work eligibility for on-campus employment only at UNLV. Students must maintain F-1 status to be eligible for this employment benefit. Maintaining status means that they are in good academic standing and are registered for at least six graduate-level credits each semester that they are a GA. Credit hours must be taken in residence to maintain GA eligibility unless an official consortium has been approved.

Definition of On-Campus Employment
On-campus employment includes work done as a GA, as well as any paid work anywhere on campus or any employment paid by an office of the university.

What is Considered Full-time Credit Hours
GAs must take a minimum of six graduate credits to be considered full-time. Note that graduate students who are not GAs must take nine credits to be considered full-time.

Expiration of On-Campus Employment Eligibility
On-campus employment eligibility expires:

- The last working day of the student’s final semester (when they graduate), even if the I-20 expiration date is in the future
- If the student transfers to another university
- If the student violates their F-1 status

Documents Necessary for a Graduate Assistantship
The first step of completing the necessary documents for the GAship is to accept the GA offer before the deadline in the Grad Rebel Gateway. New international students who have not gained entry to the United States yet will complete the rest of this process when they arrive on campus. Students have 30 days to enter the country before their official program start date, which is registered in the Student and Exchange Visitor Information System by the Designated School Official. Students must report to OISS by their program start date, or they are not maintaining
lawful F-1 status. Students must contact OISS immediately upon entering the country so that there is no question of when they arrived.

In order to maintain valid F-1 nonimmigrant status, students must complete a mandatory check-in with OISS upon arrival at UNLV. Within one week of arrival at UNLV, students must submit copies of the following immigration documents, along with an updated local address in Las Vegas and contact information:

- Passport
- F-1 visa
- Signed copy of the initial I-20 (you must sign page 1)
- I-94 (available on the CBP website after entering the U.S: https://i94.cbp.dhs.gov; select “get most recent I-94”)

These documents should be emailed to oiss@unlv.edu, OR copies may be submitted in-person at OISS (located in building SSC-A suite 201 of the UNLV main campus).

In addition, students must attend the mandatory new international student orientation which is held each semester. Please visit the New and Returning F-1 Student page to begin the process of becoming an international student at UNLV.

**Social Security Number**

All international GAs must obtain a Social Security number (SSN) in order to receive a paycheck. When applying for a SSN, you need to have been in the United States for at least 10 days. Furthermore, it is also suggested that individuals wait at least 48 hours after checking in to the university before applying for a SSN. In order to receive a social security number the following are required:

- “Evidence of On-Campus Employment” letter completed by your GA hiring department (not the Graduate College) and signed by an advisor at OISS
- Social Security Number Application
- Passport, Visa
- Current Continued Attendance I-20 issued by UNLV
- I-94

In most cases, it takes about two weeks to obtain a SSN once the application has been submitted. However, in some rare cases, it can take several weeks. **If you experience a delay in receiving your SSN, please let your Graduate College GA program coordinator know as soon as possible.** International GAs can begin work without having a SSN, but cannot receive pay until the SSN is received by the Graduate College. **Please note, the I-9 must be completed within three days of employment regardless of the status of your SSN.** If an international GA begins work during the contract period without a SSN, they will still be compensated for the time worked once the number is received and a contract is initiated.
U.S. Taxes

All individuals who are not citizens or permanent residents of the United States are required to complete an Alien Information Collection Form before receiving any payment from NSHE. All new employees are required to meet with UNLV’s Nonresident Alien Tax Specialist. Once you have signed your official GA contract, you will be contacted by the Nonresident Alien Tax Specialist to set up a meeting. Please visit the UNLV Nonresident Tax Procedure page for more information and required documents.

English Proficiency Requirement for New International Graduate Assistants

All new international students who are first-time GAs without sufficient Proof of English Proficiency (PEP) will be required to take the Duolingo English Test. This includes: all GAs who will be advising or teaching students as an instructor, teaching assistant, or lab supervisors; research assistants; and GAs with other professional duties.

The Duolingo English Test must be taken before the start of the semester the GA intends to work at UNLV. Specifically, the last day to take the Duolingo English Test is two weeks before the start of the GA contract. International GAs that cannot provide sufficient PEP or pass the Duolingo English Test cannot serve in a teaching capacity during their first semester as a GA, and will be reassigned to non-teaching duties if applicable.

Passing Score and ESL 580X: Students must receive a score of 110 or better on the Duolingo English Test in order to receive a passing score. Results from the Duolingo English Test are forwarded to the Graduate College after they have been evaluated by the Duolingo Testing Center. GAs who do not obtain a score of 110 or higher will be required to enroll in ESL 580X during their first semester as a GA. Failure to attend ESL 580X will result in the termination of the GA contract. GAs must receive a “B” or better in ESL 580X. If a passing grade is not earned in ESL 580X, the GA department can request to terminate the GA contract if non-teaching assignments are not available.

Retesting: Retesting of the Duolingo English Test may occur up until one week before ESL 580X begins. Once ESL 580X begins, there will be no further testing offered until the following semester. ESL 580X start dates are posted in the academic class schedule. Retesting is at the student’s own expense and must be paid for at the time of testing.

ESL 580X Overview: ESL 580X/380 will be offered in parallel each fall and spring semester. The course will be scheduled on Friday mornings and will be offered in a 10-week modular format, which begins three weeks after the start of the regularly scheduled classes.

Modification of GA Duties: Any international GTA who does not receive a passing score of 110 or higher on the Duolingo English Test cannot be assigned to any duties that involve teaching or advising students. This includes teaching courses, instructing lab sessions, or advising students in office hours or lab settings. Normal teaching duties can be reinstated once a passing score is received on the Duolingo English Test or ESL 580x is successfully passed with a grade of “B” or higher.
**Duolingo Test Exemption:** Returning international GAs, new GAs from countries where English is both the national and home language and international students that have obtained a degree from an English-speaking institution will be exempt from taking the Duolingo English Test. Other exemptions include new international GAs who scored a minimum of 22 on the TOEFL IBT Speaking component or a minimum of 6.5 on the spoken English portion of the IELTS exam. All scores must be officially reported to UNLV. Self-reported scores will not be accepted.

For additional information, please see the [Graduate College’s English Proficiency Requirement for New International Graduate Assistants](#) website.
GRADUATE COLLEGE POLICIES ON GA PERFORMANCE

Academic Performance
GAs are first and foremost students. Thus, they should be familiar with the provisions of the current Graduate Catalog and their specific program handbook. GAs must satisfactorily progress toward their degree and remain in good academic standing as defined in the Graduate Catalog and program handbooks. To be in good academic standing, graduate students must have a 3.0 or higher graduate program GPA in their current certificate/program(s), have met any provisional and conditional admissions requirements, comply with the continuous enrollment policy, not be on academic probation, and not be involved in any type of active conduct investigation on campus. Please note that students return to good academic standing once they successfully remedy the issue that impacted their standing.

Student conduct policy breaches may also impact a student’s eligibility to hold a GA appointment.

GA Resignation
The decision by a student to resign from their GA position, especially in the middle of an appointment period, can have significant financial, academic, and personal implications. GAs are encouraged to consult with their supervisor or the dean of the Graduate College before making the decision to resign. A written statement is required to resign the appointment and must be sent to the Graduate College (gradfinancialsvc@unlv.edu). Students must cite the effective date of resignation and, to the extent possible, a reason for the resignation.

Tuition/Fees Upon Termination or Resignation
If a GA appointment is terminated early, after the start of the contract, tuition and fees are generally not rescinded for the current semester. If a GA resigns before the end of the contract, written notification must be sent to the Graduate College and the GA department. GA resignation may result in loss of tuition/fee benefits if the resignation occurs 45 days into the contract period of the current semester.
GRADUATE ASSISTANT LEAVE OF ABSENCE

Read the Information Below Before Completing a Leave of Absence Form in the Grad Rebel Gateway

A leave of absence (LOA) can be granted for up to one or two academic year(s). While on leave, students retain their admitted student status; however, they are not registered and therefore do not have the rights and privileges of registered students, such as holding a GA position. Failure to return as scheduled or to secure an extension of a prior leave of absence will result in separation from the university. Taking an LOA can have an impact on financial aid, as well as impact visa status for international students. Students considering taking an LOA should discuss options with their graduate coordinator and review the Graduate Student Handbook prior to submitting an LOA form.

Taking a Leave of Absence from a Graduate Assistantship

Students unable to perform GA duties, but are able to remain enrolled in classes should contact their GA supervisor to discuss options. If it is agreed that it is appropriate and necessary to take a LOA from the GA position for the current term, the GA should follow the guidelines under the GA resignation section of the handbook. The GA and supervisor should discuss options for future GA positions within the department and follow all guidelines regarding reapplying for a GA position.
TRAINING AND SUPPORT FOR GRADUATE ASSISTANTSHIPS

Mandatory GA Orientation
New GAs are required to attend Graduate Assistant Orientation. The online orientation will consist of representatives from the university discussing such issues as student conduct, disability resources, policy and procedures, meeting a class for the first time, and a FAQ session with current GAs.

Mandatory Trainings
FERPA: The Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 1232g is a federal law enacted in 1974. FERPA is designed to protect the privacy of students’ educational records. All educational institutions that receive federal funding must comply with FERPA. For more information, please see the Office of the Registrar’s website.

All GAs are required to complete the FERPA training. To access this training, please go to the Understanding FERPA Training.

Sexual Harassment Prevention Training: NSHE policy states that institutions must provide new students and new employees primary prevention and awareness training that promotes awareness of rape, domestic violence, dating violence, sexual assault and stalking as defined in this policy. The training must address safe and positive options for bystander intervention to prevent harm, including how to intervene in risky situations, the recognition of abusive behavior, and how to avoid potential attacks.

Incoming freshmen, transfer, and graduate students within their first semester of enrollment shall receive training regarding the prevention of unlawful discrimination and harassment, including primary prevention and awareness training.

Within six months after an employee is initially appointed to NSHE, the employee shall receive training regarding the prevention of unlawful discrimination and harassment, including primary prevention and awareness training. At least once every two years after the appointment, an employee shall receive training concerning the prevention of unlawful discrimination and harassment.
For more information, please visit the [Sexual Harassment Prevention Training](https://www.unlv.edu/eohr/sexual-harassment-prevention-training) website and the [Office of Equal Employment and Title IX](https://www.unlv.edu/eohr/eeo-office/).

**Training and Support**

**Academic Policies:** For information on the academic policies for undergraduate students, please see the current [Undergraduate Catalog](https://catalog.unlv.edu). From here, click on ‘Academic Policies’ (box on the left) and then select ‘Grades.’

**Graduate College Events:** To stay up-to-date on Graduate College events, please subscribe to the Graduate College calendar. In addition, please visit the [events page](https://www.unlv.edu/grad/graduate-college-events).

**The Graduate Academy:** The [Graduate Academy](https://www.unlv.edu/grad) is a virtual success center that offers support and many professional development opportunities, enhances the graduate experience, and helps prepare students for future success. The Graduate College offers four free, year-long professional development programs in the areas of research, teaching, mentorship, and communication. Each certification helps students develop and hone skills through a series of workshops, cohort meetings, and the completion of a culminating experience. The Graduate College also offers a number of other programs, including the [Grad Rebel Ambassadors Program](https://www.unlv.edu/grad/graduate-college/grad-rebel-ambassador-program), the [Research & Mentorship Program (RAMP)](https://www.unlv.edu/grad/graduate-college/research-mentorship-program), and the [Grad Rebel Writing Boot Camp](https://www.unlv.edu/grad/graduate-college/grad-rebel-writing-boot-camp). The Graduate College and GPSA co-sponsor more than 30 workshops each semester (UNLV Libraries and the Writing Center also offer workshops). All graduate and professional students and graduate certification students can attend these workshops. Additionally, the Graduate College Academy provides career support, skills support, and non-academic advising. Please visit [The Graduate Academy](https://www.unlv.edu/grad) for additional information or contact gradrebel@unlv.edu with any questions.

**UNLV Faculty Center:** The [UNLV Faculty Center](https://www.unlv.edu/grad/graduate-college/graduate-faculty-center) promotes the professional development of all UNLV educators, researchers, and other academic professionals through a program of research, consultation, events, and resources. Many campus units, academic and administrative, work in collaboration to provide the center’s services, along with a team of Faculty Center Fellows. Services at the Faculty Center focus on teaching development, research support, and career planning.

**LinkedIn Learning:** LinkedIn Learning is an award-winning, web-based training service available for free to UNLV students, faculty, and staff. GAs have unlimited access to the vast LinkedIn Learning training library, which can help with learning new software or improve on previous skills with a variety of programs. For more information, including how to log in, please see the [Office of Information Technology](https://www.unlv.edu/oit) website.

**Policies for Faculty and All Teaching Staff:** Policies relevant to faculty and all teaching staff, including classroom guidelines, grading, syllabi content, and midterm grades, can be found on the [University Policies](https://catalog.unlv.edu) webpage. To review current policies, visit the [Current Policies](https://www.unlv.edu/grad/policies) page. From here you can use the search bar to find the most recent memos for the current academic year.

**UNLV Alcohol and Drug-Free Workplace Policy:** Alcohol and drug abuse and the use of alcohol and drugs in the workplace are issues of concern to the state of Nevada. It is the policy of the
state to ensure that its employees do not: report for work in an impaired condition resulting from the use of alcohol or drugs, or consume alcohol while on duty, at a work site, or on state property. Any employee who violates this policy is subject to disciplinary action.
HOW TO FIND A GRADUATE ASSISTANTSHIP

Below is information for how students might find a GAship on the UNLV campus:

- Contact the academic department to learn about available GA opportunities.
- Nonacademic units put information about positions on the UNLV Career Services website. Students must create an account with the Handshake platform in order to see information on GAships. To look for GAships please log in to Handshake.
- Students should regularly check their Rebelmail. Important information is regularly emailed to graduate students, including information about GAships. Rebelmail is considered the official email account for communication at UNLV.
STEPS FOR FIRST-TIME GRADUATE ASSISTANTS

Students who have been selected to receive a GAship must follow these steps:

- Log in to the Grad Rebel Gateway to view the offer letter
- Accept or decline the assistantship offer in the Grad Rebel Gateway by the deadline provided on the letter. Offers not accepted by the deadline will be rescinded. Students whose offers have been rescinded should contact the GA department for instructions. The department may contact Graduate Financial Services at gradfinancialsvc@unlv.edu to request a reinstatement of rescinded offer. This is at the discretion of the GA hiring department.
- After accepting the GA offer in the Grad Rebel Gateway, the student will receive an email (typically within five business days) from Graduate Financial Services (gradfinancialsvc@unlv.edu) with information about onboarding tasks.
- The employment contract will be initiated in a system called Workday (a cloud-based administrative software, which provides key HR, benefits, and financial services). Once the contract has been initiated and approved, the student will receive an email from Workday regarding mandatory onboarding tasks required for employment at UNLV. Some of these onboarding items could include completing:
  - Section 1 of I-9
  - W-4
  - Alcohol and Drug Free Workplace
  - Direct Deposit (strongly recommended)
  - Nevada Constitutional Oath (GAs on F-1 or J-1 Visas are not required to subscribe to the oath)
  - Voluntary Self-Identification of Disability
- GAs must register for classes by the deadlines discussed in the GA Enrollment Deadline section of the handbook. Tuition/fee waivers will not be processed until the student is registered in the appropriate number of credits.
STEPS FOR RETURNING GRADUATE ASSISTANTS

Returning GAs, must follow these steps:

- Log in to the Grad Rebel Gateway to view the offer letter.
- Accept or decline the assistantship offer in the Grad Rebel Gateway by the deadline provided on the letter (two weeks from when you received your GA offer letter). Offers not accepted by the deadline will be rescinded. Students whose offers have been rescinded should contact the GA department for instructions. The department may contact Graduate Financial Services at gradfinancialsvc@unlv.edu to request a reinstatement of the rescinded offer. This is at the discretion of the GA department.
- After accepting the GA offer in the Grad Rebel Gateway, the student will receive an email (typically within five business days) from Graduate Financial Services (gradfinancialsvc@unlv.edu) with information about onboarding tasks.
- The employment contract will be initiated in a system called Workday (a cloud-based administrative software, which provides key HR, benefits, and financial services). Once the contract has been initiated and approved, the student will receive an email from Workday regarding any mandatory onboarding tasks required for employment at UNLV.
- GAs must register for classes by the deadlines discussed in the GA Enrollment Deadline section of the handbook. Tuition/fee waivers will not be processed until the student is registered in the appropriate number of credits.
SUMMER GRADUATE ASSISTANTSHIPS

Currently, only externally funded (sometimes referred to as extramurally funded) GA positions are available during the summer sessions. Summer GAs can be appointed for half of the summer or the entire summer. Summer GAs are required to work 20 hours or 10 hours per week depending on the FTE% of the contract. GAs working during the summer must enroll in at least one graduate credit during Summer Session I, II, or III in order to remain in “student status” for payroll tax purposes.

The Graduate College will process summer employment contracts through Workday. Students will be sent an email from Graduate Financial Services (gradfinancialsvc@unlv.edu) if there are any onboarding steps that must be completed.
GRADUATE ASSISTANT STIPEND, PAYROLL, AND APPOINTMENT INFORMATION

GA Stipend Information

All GA appointments must meet the minimum stipend amount from the student’s academic program. If the department decides to provide a stipend that is higher than the minimum stipend, they are encouraged to ensure stipends are equitable.

A GA stipend can not exceed 50% FTE of the lowest paid full-time faculty member in the student's academic program. The maximum stipend is determined based on the monthly payment compared to the lowest paid faculty member.

Please note that GAs are not permitted to work more than 20 hours per week, no matter the stipend amount. GA stipends should be equitable across disciplines. Any increase to an individual GA stipend should be tied to program milestones and consistent for all GAs within the program.

Please see the Graduate Assistant Stipend, Payroll, & Appointment Information page for specific stipend amounts by program.

Maximum Time Limits for State GA Funding Policy

Please find below the details of the policy regarding maximum time limits for state-funded GAs and its enforcement.

- The maximum time limits for state-funded GAs are as follows:
  - Master's-level state-funded GAs may hold their position for two years with the possibility of a one semester extension if degree completion is pending.
  - Post-bachelor's doctoral-level state-funded GAs may hold their position for four years and then be renewed up to two additional one year extensions, if the student is making good progress toward degree completion.
  - Post-master's doctoral-level state-funded GAs may hold their position for three years, with a possibility of up to two additional one year extensions, if the student is making good progress toward degree completion MFA students may be supported on a state-funded GA for three years with the possibility of a one year extension for pending degree completion.
● Students who have been appointed as state-funded GAs prior to fall 2015 will not be tracked by the Graduate College, and the policy will not be enforced.
● Academic units will need to set appropriate policies internally regarding currently and previously funded state GAs; the policy must be clear, fair, and consistent for all students in the unit.
● This policy does not impact non-state-funded GAs. If a Graduate College funded state GA receives grant funding for a year and then returns to Graduate College state funding, their year off of state funding will not count toward their maximum time limit.
● State-funded GAs are operationalized as those who are appointed by an academic unit using state funds allocated by the Graduate College to the dean of the academic college, and then assigned to the department/school for distribution. Grants, contracts, and the use of department, college, or unit funds to appoint GAs are beyond the “Grad College state-funded GA” category (called externally or extramurally funded GAs), and are therefore exempt from this time limit policy.
● Despite having all “externally funded” (sometimes referred to as extramurally funded) GAs exempt from this policy, departments are encouraged to mentor all their graduate students to timely degree completion and not to elongate graduate programs due to the availability of other GA funds.

Council of Graduate Schools April 15 Resolution and Deadline to Accept GA Offers
The UNLV Graduate College supports the Council of Graduate Schools Resolution Regarding Graduate Scholars, Fellows, Trainees and Assistants. Accepting a GA offer for the upcoming academic year by a prospective or enrolled graduate student is an agreement that both the student and the university expect to honor. Students are under no obligation to respond to offers of financial support prior to April 15. If a student accepts a GA offer before April 15 and wishes to withdraw that application, they may do so by sending written notification to the GA department and Graduate College. Offers of financial support accepted after April 15 commits the student to not accept another offer without first obtaining a written release from the institution to which an offer has been accepted. An offer by an institution after April 15 is conditional on presentation by the student of the written release from any previously accepted offer. For more information, please see the Council of Graduate Schools: Resolution Regarding Graduate Scholars, Fellows, Trainees, and Assistants. GA offer letters posted after April 1 will have a two-week acceptance deadline before the GA offer is rescinded.

Faculty Responsibilities
To ensure clear communication and to protect all parties involved, the GA supervisor must provide the GA with pertinent objective and subjective work standards that comport with NSHE and UNLV guidelines and as stated in Title 4, Chapter 5 of the BOR Handbook.

Deadlines for Appointing a Graduate Assistant
Fall Semester and Fall/Spring Semester Contracts: May 15* is the deadline for requesting a GA for the fall semester, or for the fall/spring academic year. The only exceptions to the deadlines
are: replacement appointments due to resignations or appointments resulting from new funding.

**Spring Semester Contracts: Dec 15** is the deadline for requesting a GA for the spring semester. The only exceptions to the deadlines are: replacement appointments due to resignations or new appointments resulting from new funding.

**Summer Session Contracts: May 15** is the deadline for requesting a GA for the summer session. The only exceptions to the deadlines are: replacement appointments due to resignations or for new appointments resulting from new funding.

*Please note: All GA department reviews should be submitted in the Grad Rebel Gateway by the deadlines listed above unless the appointment meets one of the exceptions. The Graduate College cannot guarantee that tuition waivers will be processed before the payment deadline or the date of the first GA paycheck for any department review submitted to the Graduate College after the deadline. It is the responsibility of the hiring department to manage expectations of GAs that are submitted to the Graduate College after the appointment deadlines.*

It is important that all GA appointments are submitted in the Grad Rebel Gateway in a timely manner. It is a violation of labor laws to have an employee work without compensation and is not acceptable under any circumstances. Withholding pay until a grant is in place is also not permissible. **GA appointments will not be accepted or processed by the Graduate College for a contract period that has already ended.**

**Maximum Number of Courses Graduate Teaching Assistants May Teach Per Semester**
Per the [Board of Regents Handbook](#) (Title 4, Chapter 5, Section 3), GTAs may teach no more than two courses per semester (maximum six credits).

**Remaining Graduate College State GA Allocations**
Graduate College state allocations should be used to make timely GA appointments that support the academic program and mission. If a department does not have enough funding to appoint a final GA but has departmental funds to contribute to the minimum stipend, please reach out to the respective Graduate College GA program coordinator or email gradfinancialsvc@unlv.edu. GA stipend increases can be given to currently appointed GAs using remaining Graduate College state allocations as long as the remaining allocation is less than the amount of a full GA stipend. The stipend increase cannot be less than $500 per GA and must be equitable among the GAs in a department. Ideally, stipend increases should be tied to academic accomplishments, program milestones, or other measurable markers. Please note that GAs are not permitted to work more than 20 hours per week, no matter the stipend amount.

**Making Changes to an Accepted GA Offer**
It is understandable that from time to time changes will need to be made after an offer has been extended. Please note, due to the high demand of meeting deadlines to ensure GAs are on-boarded and hired on time, and that tuition waivers are processed before the payment
deadline, any changes to accepted GA offers will not be processed until after the start of the current semester. This includes stipend increases, updating Workday worktags, and changing tuition packages. Please note, the Graduate College will not decrease the amount of a GA offer after it has been extended.

**Setting Expectations Between the Department/Hiring Unit/Faculty Supervisor and the Graduate Assistant**

It is critical that both the GA and the department/hiring unit/faculty supervisor are on the same page when it comes to expectations of the GA's duties and responsibilities. As such, we recommend jointly setting and documenting specific expectations and goals early in the term (and doing this for each term that the graduate student holds the GA position). There should also be a discussion on opportunities to touch base and a reasonable plan for efficient communication in a timely manner.

**The Role of the Department/Hiring Unit/Faculty Supervisor**

The department/hiring unit/faculty supervisor is responsible for the work of the GAs. This includes assigning them their duties, providing adequate supervision, training GAs on new tasks, ensuring compliance with IRB and all regulatory offices, providing ongoing feedback, and annual performance evaluation. Many departments and hiring units will conduct periodic reviews and evaluations to monitor the progress of the GAs. When GAs have questions concerning their appointments, the hiring department should be consulted first.

In regards to GAs in the department, they are often assigned to work with specific faculty members. These faculty members help to monitor the GA during the period of the semester and should be able to help the student if any questions or issues do arise. Department chairs have the ultimate responsibility for assistants in their departments, although this responsibility may be delegated to another administrator or faculty member. Departments generally provide office/laboratory space, and other facilities and tools necessary for effectively fulfilling their GA responsibilities.

**Addressing Performance Issues**

Setting and documenting specific expectations and goals early in the term is key to preventing performance issues, which can be related to degree progress or specific duties/responsibilities. The department/hiring unit/faculty supervisor is encouraged to communicate with their GAs about any perceived performance issues as clearly and concretely as possible. This communication should also be done in a timely manner. The GA should be provided with the opportunity to make improvements on performance. We encourage the use of informal discussion first to resolve performance issues, but it is important to have documentation of these discussions.

If discussion with the GA fails to resolve the performance issue, then there is a possibility of termination of the assistantship. In general, the Graduate College relies on the expert judgment and recommendation of the departments as to whether the GAs are fulfilling their
responsibilities to be renewed. Supervisors must follow the procedures below in order to terminate a GA appointment early. This should be a last resort after appropriate warning, mentorship, and due process.

**Termination Policy Information and Directions for Faculty and Impacted GA**

- Once appointed, GAs may not have their tuition/fee waiver revoked for the current semester.
- If the GA is properly notified about pertinent work standards and fails to meet those standards, the Termination Request form may be used to terminate a GAship appointment and the stipend prior to the end of the GA’s appointed term of service.
- The GA’s supervisor must complete the Termination of Graduate Assistant Form in its entirety. Supporting documentation may be attached and submitted with the form. The form is submitted by logging in to the Grad Rebel Gateway/Salesforce, finding the GA application for the current term, and selecting the GA Termination Request button at the top of the page. If you do not have access to the Grad Rebel Gateway, please contact gradfinancialsvc@unlv.edu.
- The form will be routed through Docusign and must be approved by the GA supervisor, graduate coordinator, department chair, and college dean before it will be submitted to the Graduate College and Graduate Financial Services team.
- The termination request will be reviewed, and a final recommendation will be made by the Graduate College.
- Official notice will then be sent to the GA supervisor and the impacted GA.
- Once officially notified of termination, a GA may submit the Termination Appeal form (with supporting documentation) within five business days. Failure to do so will suspend the student’s right to review. The appeal form can be found by logging in to the Grad Rebel Gateway and visiting the Forms page under Graduate Assistant Forms.
- The GA Termination Appeal Form and supporting documents must be speedily reviewed and responded to by the GA supervisor, graduate coordinator, department chair, and college dean.
- The GA Termination Appeal documents and signed form will then be submitted to the Graduate College and Graduate Financial Services team who will consult with an independent review committee comprised of appropriate persons, which may include representatives from legal counsel, research services, sponsored programs, and/or the Graduate College faculty and student issues committee, as well as a GPSA representative.
- The final decisions will be rendered, and the final resolution will be signed, by the dean of the Graduate College.
GRADUATE TEACHING QUALIFICATIONS

Though the Northwest Commission on Colleges and Universities does not provide detailed specifications regarding requirements for undergraduate or graduate teaching credentials, other regional accrediting bodies, such as the Southern Association of Colleges and Schools, do. These teaching standards are best practice at most Top Tier institutions and ensure quality and excellence of instruction at all levels. In spring 2018, the Graduate College, Graduate Council, and Graduate Council Executive Committee endorsed a measured and thoughtful transition to the guidelines outlined below.

Current faculty successfully teaching at any graduate level without meeting the new requirements may be grandparented in with approval of the department chair, academic dean, and the Graduate College dean. These guidelines should be kept in mind when making new hiring decisions as new faculty, faculty-in-residence, and part-time instructors (PTI) hires should have the qualifications outlined below to teach at the desired level. Likewise, graduate program teaching assignments should conform to the guidelines described below. For additional information about Graduate Faculty Status requirements and the graduate teaching, advisement, mentorship rights thereof, please refer to the Graduate Faculty Status guidelines.

Minimum Qualifications for Graduate Students to Teach Undergraduates

- Graduate student instructors of record (GAs, PTIs, etc.) for 100- to 400-level courses must hold a master’s degree or higher in the field of instruction, or a closely related field. For those who do not have a graduate credential in the field of instruction, they must have successfully completed a minimum of nine to 18 graduate credits in the discipline (or a closely related discipline) in which they are teaching, or be approved as nationally/internationally recognized as experts in their field. More specifically:
  - Graduate students who are TAing for classes, leading recitations, labs, or discussion sessions (not as instructor of record) may do so at any time under close supervision of faculty.
  - For students who are instructors of record for 100- or 200-level courses, a minimum of nine successfully completed (B or better) graduate-level credits in the field of instruction are required.
○ For those graduate students who are the instructor of record for higher-level undergraduate courses (300- or 400-level), 18 graduate credits must be successfully completed (grades of B or better) in the field of instruction.

● Departments, schools, and colleges may have stricter guidelines or additional requirements for instructional faculty.

● Graduate students must demonstrate sufficient English language proficiency, as delineated in the Graduate Catalog and Graduate College website. Proof of English proficiency will be assessed by standardized tests like TOEFL, IELTS, the MTELP, or Duolingo English test for non-English language speakers, prior to being approved as an instructor of record.

● Graduate students must complete a pedagogy class, the Graduate College teaching certificate program, and/or other substantive teacher training before and/or during their time as the instructor of record in any class.

● Graduate students must be closely supervised by a UNLV faculty member while engaged in autonomous instruction. There must be ongoing oversight and mentorship of all GTAs and graduate student instructors from academic faculty to ensure excellence, rigor, and compliance with appropriate norms, guidelines, and standards of the discipline and UNLV.

**Minimum Graduate Faculty Teaching Qualifications**

● Faculty teaching graduate classes (500- to 700-level) must have a terminal degree in the field of instruction or a closely related discipline.
  ○ Master’s-credentialed individuals who have distinguished themselves in their fields, have a national or international professional reputation, and/or engage in quality research, scholarship, or creative activities may, on a limited and special basis, be approved to teach master’s-level students, particularly in professional degree programs.
  ○ These requests for exceptions shall be rigorously reviewed and adjudicated on a case-by-case basis through the department/school, academic dean, and Graduate College dean and handled via the Graduate College’s Graduate Faculty Appeal Form when necessary.

● Instructors teaching doctoral students must hold a terminal degree in the field of instruction, or in a very closely related field with evidence of research, scholarship, performative or creative activity in the teaching area.

● Graduate students may not teach graduate-level courses as the instructor of record, nor may they evaluate fellow graduate students in any capacity. The only exception is if they are simultaneously tenure-track or tenured faculty in another program at UNLV.

● Departments, schools, and colleges may have stricter guidelines or additional requirements for graduate instructors as appropriate.
EXTERNALLY FUNDED GRADUATE ASSISTANTSHIPS

How to Request a Graduate Assistant

Graduate faculty who are interested in requesting a GA should consult with their respective department chair regarding the availability of funds to support a state-funded GA or with the Office of Sponsored Programs to verify funds to support a GA on a grant or contract.

- All interested students should be directed to apply for GAships via the Grad Rebel Gateway.
- Faculty must work with their graduate coordinator or department to appoint (or decline to appoint) student GA applications in the Grad Rebel Gateway. All appointment information is contained in the Grad Rebel Gateway application, and each department has one or more trained users who can access the system and work on GA appointments.
- Faculty who are planning on hiring a GA on a grant should review the section below on “Budgeting for an Externally Funded Graduate Assistant.”
- Once appointed, externally funded (sometimes referred to as extramurally funded) GAs and supervisors must abide by the policies and procedures outlined in this handbook. All the same policies and guidelines that apply to state-funded GAs also apply to externally funded GAs.

Budgeting for an Externally Funded Graduate Assistant

The Graduate College encourages faculty to seek external funds to support graduate student research endeavors. This may be accomplished in a variety of ways, including but not limited to, writing GAs into grants and contracts. For more information about obtaining external funds, contact UNLV’s Office of Sponsored Programs.

Please see the Graduate College’s Budgeting for a GA website for information on calculating GA costs. The projected costs for future fiscal years are included in the table for your convenience in budgeting for multi-year grants. Externally funded (sometimes referred to as extramurally funded) GRAs and GTAs must be appointed for a minimum of one semester (summer, fall, or spring). All the same policies and guidelines that
