GRADUATE ENGINEER/ENGINEER INTERN

Posting ID: EM1770852D
Company: RCI Engineering
Position Type: Full-Time
College Major(s): Civil Engineering (CEE)

Company Website: http://www.rcinevada.com
Work Location: Las Vegas, NV
Salary:
College Level(s): Undergraduate-Senior, Graduate Student

OVERVIEW
RCI Engineering, a full-service civil engineering firm, is seeking an energetic and highly motivated self-starter to join our team as a qualified individual ready to begin their career growth on the right path! RCI has been providing planning and engineering services on projects ranging from single and multi-family residences to commercial, industrial and infrastructure for approximately 10 years.

Roles and Responsibilities
As a graduate engineer/engineer intern, you will participate on project design teams for all types of land development projects. This entry-level position will be responsible for design and production of plans and project documents under the guidance of the Project Manager and Project Engineer. The successful candidate will work closely with our engineers to prepare original drawings and revisions of residential and commercial civil engineering projects. The role will also involve working with multi-disciplinary teams through the planning, design, and implementation phases of projects.

Education and Qualifications
Qualified candidates will have experience in civil engineering design with a focus in land development, preferred. AutoCAD experience is a must and Civil 3D experience is preferred. Familiarity with local municipality standards is also a plus. B.S. - Civil Engineering required, will give consideration to B.S. graduates (Dec 2017); EI or EIT preferred.

Preferred Skills

How to Apply
Mail resumes to: 4325 Dean Martin Dr., Ste. 300, Las Vegas, NV 89103 or email to: aarmstrong@rcinevada.com
