

A registered ultrasonographer consists of a person who has passed the Sonography Principles & Instrumentation (SPI) Examination and one of the Specialty Examinations. The Ultrasound Program at UNLV is not accredited, however, our curriculum has been approved by the American Registry for Diagnostic Medical Sonography (ARDMS). Therefore, students who are in the program can take their SPI examination prior to graduation and their specialty exam after they graduate from the program. Students must have the following requirements to apply and take their SPI examination:

1. Successful completion of a general, medical or sonographic physics. This includes PHY 151, 152 and CMI 350.
2. A transcript reflecting successful completion of general, medical, or sonographic physics with a grade of "C" or higher sent to ARDMS with \$250.00 and a copy of non-expired government issued photo identification (ID) card with signature.

The following specialty examinations are offered at UNLV:

1. Abdomen (AB)
2. BREAST (BR)
3. OB/GYN
4. VT

Students must meet the following requirements to apply and take their specialty examination.

1. Successful completion of 120 credits of the Ultrasound Program and graduated with a Bachelor's degree.
2. Successful completion of 1-year full time clinical ultrasound/vascular experience.
3. Copy of the Bachelor's degree or a copy of the official transcript.
4. Letter signed by the program director verifying length of ultrasound or vascular experience
5. A clinical verification (CV) form. They can be found on [ARDMS.org/CV](http://ARDMS.org/CV).
6. A copy of a non-expired government issued photo identification (ID) card with signature.
7. A fee of \$250.00

Once a person passes their SPI exam, and an ultrasound specialty exam, they are considered a registered medical sonographer.

There are 4 states that have licensure for Ultrasound in the United States. They include:

1. New Mexico- They do not legally require a license to do ultrasound.
  - a. The web sites address is: <https://www.env.nm.gov/rcb/medical-imaging-radiation-therapy-program>
  - b. The Program Administrator is Stephen Sanchez. He is in 1100 Saint Francis Dr. Suite 2022 of the Montoya Building in Santa Fe, NM  
Phone (505) 476-8633
  - c. Email is [stephen.sanchez@state.nm.us](mailto:stephen.sanchez@state.nm.us)
2. New Hampshire – The only license they require is for breast ultrasound.
  - a. The web site address is: <https://www.opic.nh.gov/medical-imaging/index.htm>
  - b. The administrator is Stacy Parr, Fruit Street Suite 303; Concord NH 03301
  - c. Phone is (603) 271-8389
  - d. Email address is: [stacey.parr@opic.nh.gov](mailto:stacey.parr@opic.nh.gov)
3. North Dakota – All applicants must be licensed to do ultrasound in the state. To be eligible for a license, the applicant must have graduated from an Ultrasound Program and have become a registered sonographer.
  - a. The web site address is: <https://www.ndmirtboard.com>
  - b. The address is North Dakota Medical Imaging and Radiation Therapy Board; P.O. Bo 398; /Bismarck, ND 58502
  - c. Phone is (701) 425-0861
  - d. Email address is: [info@ndmirtboard.com](mailto:info@ndmirtboard.com)
4. Oregon- State Licensure includes fingerprints and background checks only. Licensure does not include any academic requirements necessary for performing ultrasound.
  - a. The web site address is: <http://www.oregon.gov/obmi>

- b. Address is: Oregon Board of Medical Imaging; 800 NE Oregon Street; Suite 1160A; Portland, OR 97232-2162
- c. Phone is (971) 673-0215
