

Welcome to the UNLV Lingo Glossary

Colleges and universities have their own unique set of abbreviations, acronyms, jargon, and terminology. Use this glossary to get familiarized with our lingo.

Help us grow and improve the glossary by letting us know if there's a term missing – we'll be happy to add it along with the description for how it's used at UNLV.

Email us at onboarding@unlv.edu.

Let's get started with learning the Lingo!

Accreditation

The University of Nevada, Las Vegas is accredited by the Northwest Commission on Colleges and Universities.

Accreditation of an institution of higher education by the Northwest Commission on Colleges and Universities indicates that it meets or exceeds criteria for the assessment of institutional quality evaluated through a peer review process. An accredited college or university is one which has available the necessary resources to achieve its stated purposes through appropriate educational programs, is

substantially doing so, and gives reasonable evidence that it will continue to do so in the foreseeable future. Institutional integrity is also addressed through accreditation.

Accreditation by the Northwest Commission on Colleges and Universities is not partial but applies to the institution as a whole. As such, it is not a guarantee of every course or program offered, or the competence of individual graduates. Rather, it provides reasonable assurance about the quality of opportunities available to students who attend the institution.

Inquiries regarding an institution's accredited status by the Northwest Commission on Colleges and Universities should be directed to the administrative staff of the institution. Individuals may also contact: Northwest Commission on Colleges and Universities, www.nwccu.org

Board of Regents

Exclusive control and administration of the Nevada System of Higher Education (NSHE) is vested in a nonpartisan, elected Board of Regents by the Nevada State Constitution. The NSHE is considered a state agency, and its employees are defined as state employees, but the Board has constitutional autonomy to consider, approve, and coordinate policies for the system institutions. The Board of Regents represents all regions of Nevada.

For a current listing of the Board of Regents see:

<http://system.nevada.edu/Nshe/index.cfm/administration/board-ofregents/current-regents/>

The regents are elected for staggered six-year terms and do not receive compensation for their service as regents. The Board holds four regular meetings each year in addition to committee meetings. The meeting locations vary among the system institutions, with the majority of meetings held in Las Vegas and Reno. Because the NSHE is a state agency, some provisions governing employees' benefits are governed by the Nevada Revised Statutes. See Nevada Law Library at <http://www.leg.state.nv.us/law1.cfm>

BP

Business Process

When the term BP is used, it is often referring to a business process in which actions are performed in Workday. A Workday BP includes steps to complete a task. Components of the task are routed in a sequential order to various people who participate in a decision-making process that includes reviewing content and ultimately approving or declining the task or item.

Campus Buildings and Acronyms

The physical address for the UNLV main campus is:
4505 S. Maryland Pkwy, Las Vegas, NV 89154

For mailing purposes, you should supply the sender the 4-digit Mail Stop code to follow the zip code (e.g. 89154-1234). The Mail Stop helps to ensure that once your mail arrives on campus it is clear where to deliver it.

Visit the following web page for a Mail Stop listing:

<https://www.unlv.edu/hr/contracts/dept-codes-sortable>

Below are the various building designations and names. Each building at the university has a designation of, usually, 3 letters (sometimes 2 or 4 and may include numbers). The address is the main campus unless otherwise specified. Students sometimes see on their schedule, under building, TBD and understandably mistake it for a designation. TBD is To Be Determined.

COI

Conflict of Interest

<https://www.unlv.edu/research>

UNLV encourages and supports community and outside interactions of its faculty and staff. Real or perceived conflicts of interest become a concern because they can cause the public's confidence in the integrity of research activities and the

institution to be questioned. UNLV must comply with federal, state, and NSHE regulations related to conflicts of interest and compensated outside services. Based on these requirements, all faculty and professional staff must identify all potential conflicts of interest and all compensated outside service through annual submission of a completed disclosure form. They must also submit an Outside Activity Request Form and obtain supervisor approval prior to either participating in any new activity that may lead to a conflict of interest, or agreeing to perform any new compensated outside service. Individuals affiliated with the university through sponsored projects must disclose potential conflicts of interest prior to their participation in such projects. The policy can be found at www.unlv.edu/research/coi. Additional information on the disclosure and review process is available in the Conflict of Interest Rules and Procedures.

FERPA

Family Education Rights and Privacy Act of 1974

<http://www.unlv.edu/registrar/ferpa>

In accordance with the UNLV policy and the U.S. Family Education Rights and Privacy Act of 1974 (FERPA), UNLV vigorously protects the privacy of student education records. The university's policy is to comply fully with all provisions of the Act. Because of its complexity, faculty members with questions about what information can and cannot be released to students and others should direct their questions to the Registrar's Office. UNLV does not release private records of individual students, such as grades and class schedules, without prior written consent of the student.

As permitted under federal law, the sole exception to the above practice is the release of "directory" information considered to be public in nature and not generally deemed to be an invasion of privacy. At UNLV, the following categories are defined as "directory" information: Name, address, e-mail address, telephone number, dates of attendance, full-time/part-time status, academic major, college/school and grade level, heights and weights of members of athletic teams, academic honors, other academic institutions recently attended, participation in UNLV organizations, and degrees earned and dates attended.

Students have the right to request that UNLV not release directory information for commercial and/or noncommercial purposes. It is important for students to consider carefully the potential consequences of restricting the release of his/her directory information. For example, if students restrict release for noncommercial educational purposes, UNLV will be unable to place the student's name in publications such as honors and graduation programs; to confirm graduation and dates of attendance to potential employers; to verify enrollment with organizations such as insurance companies; or to send notifications about specialized scholarships.

If you are an employee with a Letter of Appointment contract, contact your department or Human Resources to learn more: <https://www.unlv.edu/hr>

MSI

Minority-Serving Institution

<https://www.unlv.edu/diversityinitiatives/msi>

Minority-Serving Institutions (MSIs) are U.S colleges and universities that enroll a high percentage of minority students. Because minority populations have experienced disproportionate barriers to higher education, the federal government provides financial support through various titles of the Higher Education Act. MSIs include Historically Black Colleges and Universities (HBCUs) and Hispanic-Serving Institutions (HSIs), as well as colleges and universities with high enrollments of Native Americans, Asian Americans and Native American Pacific Islanders, and Alaska Natives and Native Hawaiians.

School Colors

Primary Color Palette

<https://www.unlv.edu/identity/colors>

SCARLET

Our most widely used color is UNLV scarlet. It can stand alone in any marketing application for any audience. The broad definition of scarlet is “a brilliant red color with a tinge of orange.” It is associated with concepts like courage and passion. It is bold, proud, and rebellious. It stands out in a crowd, quickens the pulse, and causes an emotional reaction when viewed. At UNLV, scarlet speaks to our passion for life, action, and, of course, rebellion. We display it proudly and use it to support and accelerate our communications and marketing.

GRAY

Our UNLV gray is best used as an accent color rather than as the dominant color in a design.

DARK ACCENT

An alternate, dark accent version of both the scarlet and the gray provide added dimension and depth when designing visuals. This darker accent version is not to be used in place of the primary scarlet.

Tenure

<https://www.aaup.org/issues/tenure>

According to the American Association of University Professors, the principal purpose of tenure is to safeguard academic freedom, which is necessary for all who teach and conduct research in higher education. When faculty members can lose their positions because of their speech, publications, or research findings, they cannot properly fulfill their core responsibilities to advance and transmit knowledge.

Thesis

A formal piece of writing on a specific topic required for a degree.

TOEFL

Test of English as a Foreign Language

A standardized exam that determines English proficiency of non-native speakers of English wishing to enroll in English-speaking universities.

Top Tier

The UNLV Top Tier Initiative is an extension of our vision of being recognized as one of the top American research universities, as designated by the Carnegie Classification of Institutions of Higher Education as a Very High Research Activity University.

Top Tier Mission

UNLV's diverse faculty, students, staff, and alumni promote community well-being and individual achievement through education, research, scholarship, creative activities, and clinical services. We stimulate economic development and diversification, foster a climate of innovation, promote health, and enrich the cultural vitality of the communities that we serve.

UNLV Folio

<https://www.unlv.edu/provost/ofa/unlvfolio>

Within its secure and convenient web-based environment, UNLV Folio provides a database and reporting tool for faculty to document their scholarly achievements along with a workflow module for university administrators to manage a variety of review processes, including annual evaluations and tenure and promotion reviews. It also incorporates a personal document curation platform for faculty to maintain their scholarly materials.

W2

<https://www.unlv.edu/payroll/w2/faqs>

The W-2 form is the official Wage and Tax Statement that reports an employee's annual wages and the amount of taxes withheld from their paycheck.

W4

<https://www.unlv.edu/payroll/w4>

Employees fill out an Internal Revenue Service (IRS) W-4 form, or an Employee's Withholding Allowance Certificate, to indicate their tax situation to the employer. The W-4 form tells the employer the correct amount of tax to withhold from an employee's paycheck based on the employee's marital status, number of allowances and dependents, and other factors.

Work Study

The Federal Work Study Program provides jobs for a limited number of undergraduate and graduate students with financial need as determined by the Free Application for Federal Student Aid (FAFSA).
