IT INTERNSHIP PROGRAM (SUMMER 2020)

Posting ID: IN2032801A
Company Website: https://jbssa.com/

Company: JBS
Work Location: Greely, CO

Position Type: Full-Time
Salary:

College Major(s): Computer Science (CS)
College Level(s): Undergraduate-Freshman, Undergraduate-Sophomore, Undergraduate-Junior, Undergraduate-Senior

OVERVIEW

JBS® USA is a leading processor of beef and pork in the U.S. and a leading processor of beef in Canada. We are also a majority shareholder of Pilgrim's Pride Corporation, the second largest poultry company in the U.S., with operations in the U.S. and Mexico. JBS USA represents the North American arm of JBS® S.A., the world's leading animal protein processor with more than 240,000 team members worldwide, more than 300 production units and export customers in more than 150 countries. Our company also enjoys a strategic relationship with JBS Australia, the largest processor of beef and lamb and one of the largest livestock feeders in Australia.

Roles and Responsibilities
This is a 10-week program from June until August 2020 designed to provide challenging, hands-on work experience in a variety of disciplines at a production facility. The interns that go through this program work on meaningful projects that have an impact on the business and present on their work in front of the company’s key leaders. Other benefits of the internship include a built-in mentoring program, rotational peer shadowing, and networking events. This is a great opportunity for students, ideally between their junior and senior year, to gain experience in their area of discipline, potentially earn class credit, and build lasting relationships in the world’s largest animal protein company.

Education and Qualifications

- Currently in pursuit of a Bachelor's or Master's degree in computer information systems, Computer Science, Information Technology, or related
- 0-3 years of work experience with software development, IT change management process, and project management
- Strong desire to work in a challenging and hand-on work environment
