Employer Website: www.cleanwaterteam.com
Internship Job Title: IT Infrastructure Intern I
Internship Location: 5857 E Flamingo Rd, Las Vegas, NV 89122

Salary: $15-$18 an hour depending on class standing &/or internship level. (Note: Paid internships cannot be taken for HON 395 credit)
Required Hours: 20-30 hours a week over the summer, 10-20 hours a week during academic year
Seeking Majors in: Computer Science; Electrical & Computer Engineering
Class Standing: Sophomore, Junior, or Senior

OVERVIEW

The Clark County Water Reclamation District is seeking an IT Infrastructure Intern for the Information Technology Solutions department, located in the East Flamingo Campus. The internship would take place during Summer 2021 and potentially continue on a part-time basis through the academic year. The Clark County Water Reclamation District (CCWRD) is responsible for the collection, treatment, and reclamation of wastewater for more than 240,000 business and residential accounts in Southern Nevada. This internship program will provide the student with relevant skills in Information Security, Infrastructure, and security analysis via on-the-job training. CCWRD’s hours of operation are 8:00am to 5:00pm Monday through Friday. The total time commitment for this internship will not exceed 1,024 hours in a year, and we provide flexible scheduling to allow for finals and changes in the student’s class schedule.

INTERNSHIP ROLES AND RESPONSIBILITIES

• Contribute to security of the District’s network by analysis of data received from security tools such as Darktrace, FortiSEIM, FortiSanbox, and others
• Work with staff to identify and remediate security incidents
• Help the District’s Cyber Security Administrator configure and tune various cyber security tools
• Complete special projects as needed and other duties assigned
• Participate in professional training with all IT Infrastructure Staff

REQUIRED SKILLS AND EDUCATION

• Must be currently enrolled in an undergraduate program at a local accredited college or university
• Must have at least sophomore standing with GPA of 3.0 or higher
• Strong technical and organizational skills in addition to excellent written and verbal communication skills, in a professional environment
• A high level of enthusiasm, integrity, accuracy, and dependability
• The ability to analyze complex data sets on an on-going basis
• Must be available to work up to 20 - 30 hours per week during the summer (June – September); Must be available to work up to 10 - 20 hours per week during academic year

HOW TO APPLY
To apply, please email your resume/CV, unofficial transcripts, and a cover letter to Jeanne Soriano at jsoriano@cleanwaterteam.com. The deadline for submitting application materials is ongoing.
