ASSOCIATE ENGINEER

Posting ID: EM17203528  
Company: San Diego Gas & Electric  
Position Type: Full-Time  
College Major(s): Electrical/Computer Engineering (EE/CpE)  
Company Website: http://www.sdge.com  
Work Location: San Diego, CA  
Salary: Will be discussed if offered position  
College Level(s): Undergraduate-Senior

OVERVIEW

SDG&E is a regulated public utility that provides safe and reliable energy service to 3.4 million consumers through 1.4 million electric meters and more than 850,000 natural gas meters in San Diego and southern Orange counties. The utility’s area spans 4,100 square miles. SDG&E® is a subsidiary of Sempra Energy (NYSE: SRE), a Fortune 500 energy services holding company based in San Diego.

Roles and Responsibilities

The Engineer Rotational program is an 18 month rotational program. As an associate engineer, you will complete three 6-month rotations in three different areas of the company. This position is an entry level engineer position which provides the inexperienced engineer an opportunity to acquire experience and proficiency in performing fundamental engineering work. In this capacity, the incumbent shall perform the more routine and basic duties and will be afforded the opportunity to acquire experience and be productive through varied assignments normally accomplished through intra-company assignments. Perform a variety of engineering assignments, involving electrical, mechanical, civil or other engineering principles.

Education and Qualifications

Successful completion of a Bachelors degree in Engineering, preferably with a concentration in Power.

Preferred Skills

- Strong oral and written communication skills
- Strong interpersonal skills
- Good computer skills
- Strong analytical skills
- Relevant coursework
- Leadership activity
