

LAS VEGAS BUSINESS ACADEMY

The Las Vegas Business Academy (LVBA) is a non-profit organization dedicated to the development of future business and community leaders in Las Vegas. The LVBA provides select graduate students with financial support, professional development and enrichment, and unparalleled externship opportunities with top industry executives so that they are poised to become the next generation of regional leaders.

EXTERNSHIP

The LVBA offers up to \$75,000 in funding for tuition fees and books to students pursuing select graduate degrees at UNLV.

"The LVBA has opened up doors to careers in industries that I would have never been exposed to on my own...To simultaneously work towards my MBA while learning from these individuals knowing I will graduate free of debt truly sets up students for success." Steven Brody, MBA, '17

"The opportunity to alleviate some of the financial stress that comes along with seeking a higher education [and] the opportunity to work with like-minded individuals on developing my career...will help guide me in becoming a successful attorney and business person." Caitlin Lorelli, J.D., '17

MENTORSHIP

The LVBA provides graduate students with a comprehensive externship curriculum, which includes mentorship opportunities with the **city's most accomplished leaders**. This unique program benefits students with access to a network of influential contacts across a variety of industries.

"The LVBA mentor program is like an all access pass to the most coveted concert of the year. People could go their entire careers without being exposed to what our students are on a typical day of mentorship..." Mackenzie Warren, J.D., '17

"The Las Vegas Business Academy is focused on its students. It is unlike any other scholarships, which typically are focused solely on academics, but it provides you with an alternative learning environment. You get to team up and work directly with people who have been extremely successful in the Las Vegas valley." Brooke Luna, J.D., '16

LEADERSHIP

The LVBA provides graduate students the training and tools necessary to become successful professionals and leaders in their fields and our community.

"LVBA is an incredible complement to my classroom education. It has introduced me to countless professionals from a variety of business sectors...these contacts have helped me develop the knowledge and practical skills necessary to succeed in our business community." Hunter Davidson, J.D./MBA, '17

"The LVBA is unlike any other scholarship or mentorship program because it affords you the opportunity to learn from the top business leaders of our city. By studying the steps they took to get to where they are today, we are better able to navigate our own career in order to achieve our professional goals and become leaders ourselves." Keivan Roebuck, J.D., '16
