OVERVIEW

The Graduate Research Assistant Program (GRA) is a year-round internship program that provides students with relevant research experience while they are pursuing a graduate degree. This educational program is designed to complement the students' education with work experience related to their chosen field of study. In some cases, students can arrange to conduct masters or doctoral thesis research at the Lab. There are appointments in both the technical and professional fields.

Roles and Responsibilities
Various Graduate Internships are offered.
To see all listings, go to: http://jobs.lanl.gov/

Education and Qualifications
● Provide documentation of acceptance into a graduate program.
● Enroll in and successfully complete a minimum of 6 graduate credit hours per semester.
● All students MUST remain enrolled at their university while working at the Lab during the academic year. NOTE: Students must provide the program coordinator with current, official transcripts annually to remain eligible. See the Annual Transcript Review section for additional information.
● Have and maintain a minimum cumulative GPA of 3.2 on 4.0 scale. NOTE: Students must provide the program coordinator with current, official transcripts annually to remain eligible. See the Annual Transcript Review section for additional information.
● Pass a pre-employment drug test.
How to Apply
To apply, you will need to complete an online application in iRecruitment at jobs.lanl.gov. Students are required to upload a cover letter, resume, and transcript.

For step-by-step instructions visit “How to Apply” and read the “Student opportunities” section. http://www.lanl.gov/careers/career-options/jobs/apply-information.php#students
If you have problems with the online application, visit Application Process Issues for assistance.
