**College Level(s):** PhD. Student

OVERVIEW

The Postdoctoral (Postdoc) Research program offers the opportunity for appointees to perform research in a robust scientific R&D environment, present and publish research, advance knowledge in basic and applied science, and strengthen national scientific and technical capabilities.

**Roles and Responsibilities**

Various Postdoc Research Jobs available. Please go to [http://jobs.lanl.gov/](http://jobs.lanl.gov/) to see all the job listings.

**Education and Qualifications**

To be considered for a postdoc appointment, a candidate must be nominated and sponsored by a member of the Laboratory's technical staff.

A candidate can identify a sponsor by:

- reviewing research being conducted at the Lab
- networking at conferences and workshops
- reviewing journal articles
- attending university recruiting events

Selection for postdoc appointments is competitive, determined by the candidate's academic qualifications and research excellence. Laboratory technical staff review postdoctoral CVs and contact candidates who are a strong match for their research.
How to Apply
To apply, you will need to complete an online application in iRecruitment at jobs.lanl.gov/
