OVERVIEW

If the idea of inspiring young math students brightens your day, you might be the right person for us! This is not a standard tutoring center, and we are not looking for a typical "tutor".

We are a privately owned math tutoring studio located in Henderson. Besides our upbeat and positive environment, we have a dedicated team and amazing students. Our tutors work one on one with students in private workspaces and have an assortment of cutting-edge, technology-based resources available.

Roles and Responsibilities
Be proficient in 3 or more math subjects. Write accurate and detailed student reports for each student. Communicate calmly, clearly and effectively with students, visitors and office staff.

Education and Qualifications
A strong background in High School math up to PreCalculus is required. An ability to problem solve, be resourceful and be proactive; a strong sense of accountability and responsibility; a professional demeanor; and a passion for numbers!

Preferred Skills
Higher level math courses and experience are preferred. Comfort in using technology - proficiency in Apple products is a plus.
