

2016 NEVADA SUMMER TRANSPORTATION INSTITUTE

July 18-August 1, 2016

The **2016 Nevada Summer Transportation Institute (NVSTI)** is a **FREE** 2 week long residential program open to students attending public or private high schools in Nevada. Successful students will participate in lectures, seminars, activities and field trips that will expose them to the new frontiers and adventures in Science, Technology, Engineering and Mathematics (STEM) disciplines with a special attention to the transportation industry.

Eligibility Criteria:

- U.S. Citizen or Permanent Resident
- Has completed Algebra, or will be qualified for enrollment in Algebra for the coming school term
- Interested in majoring in STEM
- A cumulative 3.0 GPA or higher
- Commit 2 weeks to the program

Program Benefits:

- Free 2 week residential program
- Room, board, and air travel (for students outside LV) provided
- Lectures, seminars, activities, lab research and field trips focused in Transportation and STEM
- College experience
