

Fall 2020 - One Semester Federal Student Loan Adjustment

Student Name: _____ NSHE ID: _____

The decision to adjust your federal student loans to only one semester affects the following loan programs: Federal Subsidized Loan, Federal Unsubsidized Loan, and Federal Parent PLUS Loan.

The Financial Aid & Scholarships Office, in general, **does not recommend** students borrowing loan funds entirely in one semester. If you receive your loan funds in one semester, **you will exhaust your federal student loan eligibility for the entire academic year** and usually will not be eligible for additional loan funds until the following fall. The result of this decision could be that you do not have sufficient funds to assist you with your costs for additional semesters.

Students having a satisfactory academic progress status of "Alert", "Probation" or "Warning" are not eligible for a one semester loan adjustment.

A. Select Loan Type - do not leave blank

☐ Subsidized ☐ Unsubsidized ☐ Parent PLUS

B. Number of Credits per Semester - do not leave blank

_____ FALL 2020 _____ SPRING 2021 _____ SUMMER 2021

C. Consent of Form

I understand I am requesting to receive my **maximum** Federal Student Loans allowable **up to my cost of attendance** for the semester **selected above**.

I understand the **adjustment** of my loan to one semester **will exhaust** my federal student loan eligibility for the **entire academic year**.

I understand there will likely be **no additional** funds to assist me with my college expenses if additional money is needed during the school year **AND** it will be my responsibility to pay for such expenses.

I understand that I cannot be awarded above my Fall 2020 Cost of Attendance.

I understand that having a satisfactory academic progress status of "Alert," "Warning" or "Probation" makes me ineligible for a one semester loan adjustment.
