- Easy to setup and use
- Adjustable temperature for different cooking needs
- Boils 1 liter of water in 3.5 minutes

Specifications

- Packed Weight: 2.6oz
- Material: brass and stainless steel

Instructions for Use/Setting Up

Please see separate instructions for the setup and use of the backpacking stove. Instructions included in rental. Ensure that you follow all the correct procedures and safety guidelines when using this stove.

Reviews*

“Lightweight, works great! Boiling water takes a little longer than the wind burner, but if you're looking to cut some weight, this is for you.”

“Good stove and lightweight. Lightweight, easy to light, and good heat output.”

“I would buy this product again. MSR products are great. Easy to use and lightweight for backpacking.”
