

Occupational and Career Life Studies Certificate

The OCLSC consists of a required 42 credit program that will offer fully inclusive courses (which may be audited) in the (a) academic general core, (b) academic job specific core, and (c) supervised job related employment. This planning sheet provides an example of courses that are suggested to meet the OCLSC requirements. Some individuals may have more instructional hours in each; however, it will be required to complete the minimum.

General Core Requirements:

21 credit hours

Job Track Requirements:

15 credit hours

Supervised Job Internship(s):

At least 6 credit hours

Total of 42 credit hours

Below is an example of potential courses for the OCLSC. It is important to note that some of the core requirements may also count towards the JOB TRACK requirements however each requirement must meet the minimum number of credit hours.
