OVERVIEW

The department is responsible for the planning, construction, operation and maintenance of the 5,400 miles of highway and over 1,000 bridges which make up the state highway system. The department is divided into three districts, with a district engineer and assistant engineers in each. The districts are responsible for supervising all state transportation activities within their local areas. NDOT's headquarters building is located in Carson City, with the three main district offices located in Las Vegas, Reno and Elko. Major maintenance stations are in Ely, Tonopah and Winnemucca. NDOT is overseen by a seven-member Board of Directors and directed by Senior Staff.

Roles and Responsibilities
Public Service Interns receive training and complete a variety of assignments in staff activities directly relating to their major course of study while enrolled in an educational institution. Incumbents perform in a trainee capacity and acquire the knowledge, skills and abilities required in this occupation. Incumbents work in a student internship capacity as temporary employees in a three-month position, with the Nevada Department of Transportation. Vacancies are located in Reno, Carson City, and Las Vegas. This recruitment is for students at the undergraduate level. Program duration is from May 20, 2019, through August 16, 2019. The emphasis of the summer internship program is civil engineering. However, there may be openings for students from other disciplines, such as environmental, traffic engineering, biology, archaeology, surveying, architecture, urban/city planning, cartography, landscape architecture, GIS, or a closely related field. Work assignments will vary as an intern progresses in class standing. Women and under-represented groups are encouraged to apply. Nevada Department of Transportation is committed to Equal Employment Opportunity/Affirmative Action in recruitment of its employees and does not discriminate on the basis of race, color, national origin, religion or belief, age, disability, sex, sexual orientation, pregnancy, genetic information (GINA), or gender identity and expression.
Education and Qualifications

- Graduation from high school or the equivalent and enrollment and continued successful performance in an academic program related to the field of employment at an accredited college or university.
- Employment is not to exceed six months from the date of graduation.
- Employment in this class will not lead to permanent status in State service.
- A valid driver's license or evidence of equivalent mobility is required at the time of appointment and as a condition of continuing employment.
- Applicants must provide a copy of transcripts showing current enrollment and continued successful performance in an academic program related to the field of employment at an accredited college or university. Failure to attach your transcripts at time of submittal will result in the denial of your application.
- Tell us how you heard about the position!
