Employer Name: Clark County Water Reclamation District
Employer Website: www.cleanwaterteam.com
Internship Job Title: Quality Laboratory Intern, Level I, II, III, or IV
Internship Location: 5857 E Flamingo Rd, Las Vegas, NV 89122

Salary: $16-$19 an hour depending on class standing &/or internship level. (Note: Paid internships cannot be taken for HON 395 credit)
Required Hours: 20 hours a week
Seeking Majors in: Chemistry, Biochemistry, and/or Biology
Class Standing: Freshman, Sophomore, Junior, or Senior

OVERVIEW

The Clark County Water Reclamation District is seeking a Quality Laboratory Intern, located at the East Flamingo Campus. The Clark County Water Reclamation District (CCWRD) is responsible for treating wastewater through a variety of treatment processes that is ultimately discharged back to Lake Mead. The internship program works with students by providing a hands-on experience that allows interns to utilize their knowledge in practical day-to-day operation of an environmental facility. CCWRD’s hours of operation are 8:00am to 5:00pm Monday through Friday. We provide flexible scheduling to allow for finals and changes in the student’s class schedule.

INTERNSHIP ROLES AND RESPONSIBILITIES

The Quality Laboratory Intern provides assistance to Laboratory staff including, but not limited to, sample collection and analytical activities to support our daily responsibilities. Interns are provided training, supervision, feedback, and mentorship by the Laboratory Manager and/or the Laboratory Supervisor. Assignments are intended to provide background in the fundamental principles and practices of the Wastewater Laboratory. Interns work under close supervision and are expected to become increasingly knowledgeable and carry out assignments with increasing independence.

PHYSICAL DEMANDS: Mobility to work in a typical office setting, use standard office equipment, and to drive a motor vehicle; vision to read printed materials and a computer screen; and hearing and speech to communicate in person or over the telephone. Accommodation may be made for some of these physical demands for otherwise qualified individuals who require and request such accommodation.
REQUIRED SKILLS AND EDUCATION

- Must be currently enrolled in an accredited college or university and majoring in Chemistry, Biochemistry, or Biology
- 18 years or older
- High School Diploma or GED
- Background Investigation: Employment is contingent upon successful completion of a background investigation. Periodically after employment background investigations may be conducted.
- Pre-Employment Drug Testing: Employment is contingent upon the results of a pre-employment drug examination.

The goal of the Clark County Water Reclamation District internship program is to provide potential candidates with a realistic work preview and the opportunity to learn about the wastewater industry. Interns will work side by side with wastewater professionals to acquire the job skills and knowledge of working in a laboratory within an environmental facility.

HOW TO APPLY

To apply, please email your resume/CV, transcripts, and a cover letter to the CCWRD recruitment team at HRRecruitment@cleanwaterteam.com. The deadline for submitting application materials is ongoing.
