

Immunization Exemption Form

Medical Condition

If a current medical condition prevents a student from being immunized, a statement to that fact must be provided by a licensed physician. Please attach your physician's statement.

I _____, request to be excused from UNLV's
(Please print name)
immunization requirement due to my current medical condition.

Signature

Date

NSHE I.D.

If the student is under 18, a parent or legal guardian may submit the letter on the student's behalf.

I _____, request that my son/daughter be
(Please Print Parent's Name)
excused from UNLV's immunization requirement due to his/her current medical condition. Please attach your physician's statement.

Parent's Signature if under 18

Date

Student's NSHE I.D.

Print Student's Name

Please note: If there is a communicable outbreak at UNLV with regard to the required immunizations, you will not be permitted to attend classes until such time you become immunized (2 measles, mumps, rubella; current TD; and a current meningitis if you were under 23 when enrolled in your first semester), provide proof of immunizations, or are allowed to return by an appropriate health authority.

Immunization Exemption Form

Religious Belief

If a student's religious beliefs prohibit him/her from being immunized, the student must complete the following statement.

I _____, request to be excused from UNLV's
(Please print name)
immunization requirement due to my religious belief.

Signature

Date

NSHE I.D.

If the student is under 18, a parent or legal guardian may submit the letter on the student's behalf.

I _____, request that my son/daughter be
(Please Print Parent's Name)
excused from UNLV's immunization requirement due to his/her religious belief.

Parent's Signature if under 18

Date

Student's NSHE I.D.

Print Student's Name
